By Willard Jones

BILL CARTER returned a few days ago with his wife from a visit with relatives at Jackson, Mississippi.

Bill claims he saw some rain while he was in Mississippi. "My car is two years old," he advised, "and I got to drive it in the rain and mud for the first time while I was away." Bill declared boastfully.

However, he said that most of the country through which he passed on his 10-day trip showed that rainfall had been below normal.

JUDGE JOE WALSH, outstanding Massachusetts attorney who spearheaded the famous Joseph McCarthy federal investigation last year in Washington, was an interesting guest on Edward R. Murrow's person-to-person television program Saturday night.

We especially liked some of his words of wisdom given in answer to questions by Murrow.

"When you deal with people with confidence and trust, these people will repay you with genuine coins of trust," declared Walsh. "But if you treat them with suspicion, distrust and askance, they will pay you in the counterfeit coins of the same type."

MOST FATHERS are justly proud of their sons. They see in them great hopes and ambitions. An unknown author put his thought in rhyme like this:

I've a wonderful boy, and I say to him, "Son,  
Be fair and be square in the race you must run.  
Be brave if you lose and be meek if you win,  
Be better and nobler than I've ever been,  
Be honest and noble in all that you do,  
And honor the name I have given to you."

I have a boy and I want him to know  
We reap in life just about as we sow.  
And we get what we earn, be it little or great,  
Regardless of luck and regardless of fate,  
I will teach him and show the best that I can,  
That it pays to be honest and upright, a man.

I will make him a pal and a partner of mine,  
And show him the things in this world that are fine.  
I will show him the things that are wicked and bad,  
For I figure this knowledge should come from his dad.  
I will walk with him, talk with him, play with him, too;  
And to all of my promises strive to be true.

We will grow up together, I'll too be a boy,  
And share in his trouble and share in his joy.  
We'll work out our problems together and then  
We will lay out our plans when we both will be men.  
And oh, what a wonderful joy this will be,  
No pleasure in life could be greater to me.

H. M. BAGGARLY, editor of The Tulsa Herald, is one of West Texas' best newspaper writers. We read his columns regularly. From a recent issue we gather these thoughts:

Someone has suggested that a man and wife should take their vacations separately; that they need a vacation away from one another. Perhaps so.

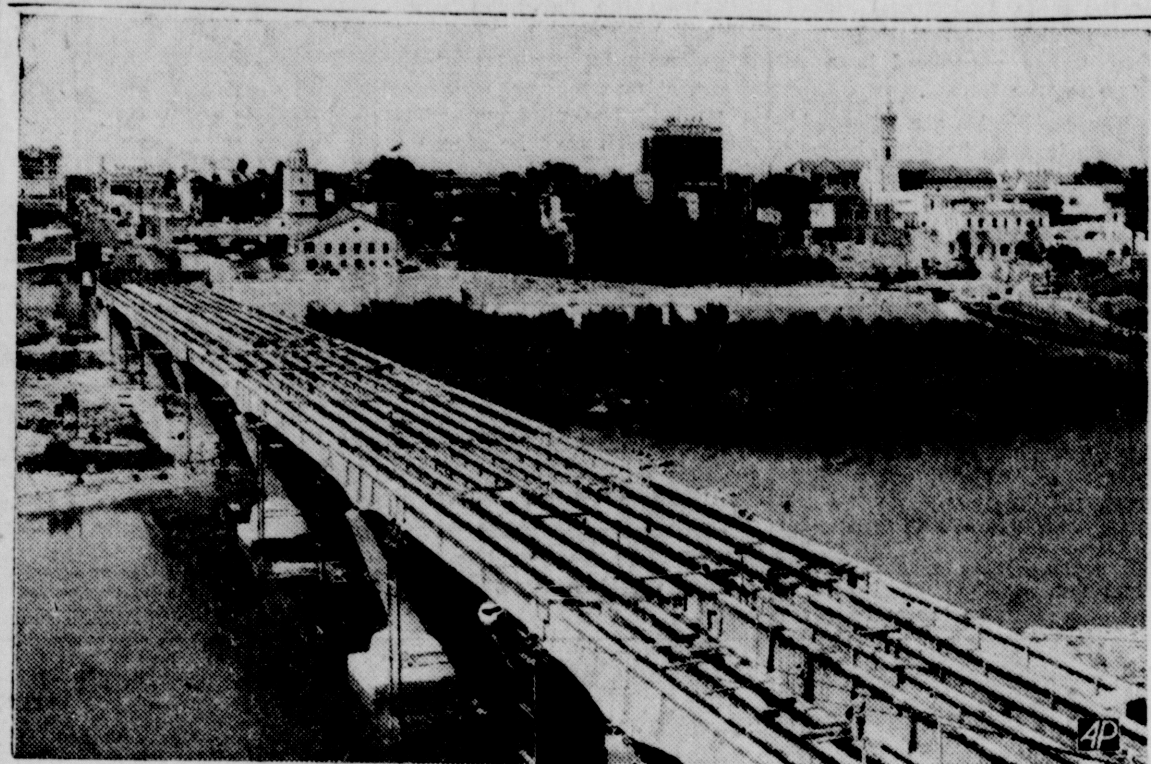

There are other advantages in spending time in solitude. Many people do not know what it is like to sit down and read a book in perfect silence. Only then can one fully appreciate the beauty of expression, the writer's choice of words.

Only then can one get something out of literature other than the plot.

Or there is the uplift that comes from poetry read aloud. One doesn't care for an audience on such occasions.

AN ELDERLY Stamford woman, at a picnic the other day at Hamlin City Park, was having trouble with her car. She thought if she could pad it she wouldn't have to leave, so finding a comic book, she went behind a bush and stuffed the car.

Coming out, she patted her stomach and said to herself, "There, let's see Dick Tracy get out of that situation!"

## Wheat Soil Reserve Payment To Be First Come First Served

### Deadline for Signing Acreage Set for October 5

Deadline for signing agreements to reduce wheat under provisions of the 1957 acreage reserve portion of the soil bank has been set as October 5, W. H. Cook, chairman of the Jones County Agricultural Stabilization Committee, reported this week.

Under this program, says Cook, farmers are offered a per acre payment equal to \$1.20 times the normal yield established for their farms for reducing their planted acreage of wheat below the 1957 farm allotment.

Jones County has been allocated \$157,300 for the wheat acreage reserve of the soil bank program. Applications for participation in the reserve program will be accepted at the ASC office in Anson on a first come first served basis until the closing date mentioned or until funds are exhausted, whichever occurs first, Cook declares in a release to The Herald.

### Leaders Elected by Junior High Pep Unit

Junior High School Pep Squad elected leaders and twirlers last Thursday. Mrs. Nash Miers is sponsor of the group, and Lola Milstead will serve as assistant.

Officers named are: Janice Richardson, drum majorette; Janice Hudspeth, Beth Christian, Janice Wilgus and Mary Smith, twirlers; Neil Waldon, head cheer leader; Nelida Lee, Nina Jean, Carolyn Sue Ray and Glenda Lorenz, cheer leaders.

## Books in New Harden Library Offer Variety of Reading for Area People

So far 15 families have taken out membership cards in the Harden Memorial Library, report the librarians. There are now 394 books ready to be checked out. Chances are you may find a book about your special in the library, they declare.

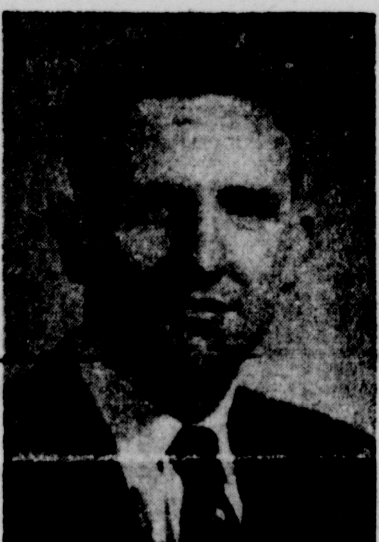

There are now eight shelves of fiction, including such recent best sellers as "The View from Pompey's Head" and "The Man in the Gray Flannel Suit."

If you would rather read about real people, there is one shelf of biography ranging from Joan of Arc to W. C. Fields.

### Noble Canada Visits Before Going Across

Noble Canada, former music teacher at DePriest Colored School in Hamlin, who is serving with the armed forces, visited in Hamlin last week.

Canada recently graduated from Army radio school. He was en route to New Jersey, and from there he was sent to France.

**NEW PASTOR** of the First Baptist Church is Rev. Calvin Bailey (above), who notified the congregation Sunday morning he would accept their call to the pulpit. The Baileys will move to Hamlin October 4 and he will occupy the pulpit as pastor on October 7.

### Deadline for Herald Still Tuesday Noon

Some confusion still persists over the deadline for copy and advertising for The Herald since it moved its publication day up to Wednesday several months ago in an effort to give readers an earlier paper for week-end values advertised by merchants.

The Herald is printed Wednesday mornings, and deadline for copy is Tuesday noon. In setting this deadline we insist that earlier copy will be appreciated and will be given better position and is less apt to have errors. Copy is acceptable any day of the week, of course—the earlier the better.

### First Methodists Set Anniversary Rites October 14

Members of the Hamlin First Methodist Church are making arrangements to celebrate the fiftieth anniversary of the church to Sunday, October 14. It was announced this week by Rev. Daris L. Egger, the church pastor.

The anniversary will be in connection with the second annual homecoming of ex-students of the Hamlin High School, which will be staged the preceding Friday and Saturday.

Arrangements committees have been announced for the celebration by the pastor as follows:

Program — Wesley Nail, Mrs. Brad Rowland, Mrs. John D. Ferguson.

Historical — Mrs. E. M. Wilson, Lulan Vaughan, Mrs. A. A. Hackley, A. Hudson, Lulu Fletcher and Elmer Feagan.

Food — Joe Culbertson, Mrs. Ed Bailey, Mrs. A. B. Carlton.

Felicity — Mrs. L. H. McBride, John C. Bryant, Mrs. Holly Toler and Mrs. B. H. Gardner.

Housing — Carl Murrell, Mrs. W. B. Cotten and Mrs. Alford Harden.

### SHARERS ARE HOME.

Mr. and Mrs. Herman E. Sharer are home from an extended vacation that took them to New Mexico, Arizona and Nevada, and then to Fort Worth and Abilene.

**NARCOTIC HAUL**—Sheriff W. O. Hicks of El Paso and Deputies Bob Allen and Rubio Villareal examine a box and two bags of marijuana exhumed from the desert 10 miles from El Paso. Estimated to be worth from \$10,000 to \$25,000 at underworld retail prices, the narcotics were described as the highest quality possible. A father and son stumbled over the cache while on a hunting trip.

## Lions Club Plans Concerted Broom Sales Campaign

Hamlin Lions Club members expect to make a clean sweep of things in their second annual broom sale next Tuesday—and add to the projects treasury of the civic group while helping dispose of household products made by indigent blind and cripples.

So declares President Edgar Duncan of the Lions as he this week announced teams for the sales drive next Tuesday. Stanley Carmichael is general of the first three teams, and Ted Russell is general of the other three.

Using the intersection of Lake Drive and Central Avenue as a dividing point, the city has been divided into sections for a concerted house-to-house drive. The teams are as follows:

Southeast Hamlin—Andy Anderson, captain; George Batchelor, L. N. Minton and Stanley Sheppard.

Southwest Hamlin, West Portion—Jim Howard King, captain; Harrell Blackburn, George Campbell and Ronnie Brown.

Northwest Hamlin, East Portion—B. O. Bell, captain; George Campbell, E. A. Hewett and Truman Nix.

Southwest Hamlin, East Portion—B. V. Newberry, captain; Bobby Crowley, Claude Lancaster and Joe League.

Northwest Hamlin, West Portion—Fred Smith, captain; Edgar Duncan, Hollis Madden and E. O. Sipe.

Northeast Hamlin—Dr. William Pattillo, captain; Miller Harmon, Harry Martin and Donley Williams.

Business District—Arlie Cassle, captain; W. S. Seals, Austin Sibur, Haskell Carter, Dr. Joe W. McCrary and Willard Jones.

Truck Detail—Rev. Daris Egger, captain; Frank Bayouth, Joe Culbertson, W. T. Johnson, L. H. McBride, Clarence Bailey and A. Spencer.

## Hub Hopper Home From Overseas Duty

Private First Class Herbert L. (Hub) Hopper arrived home recently after two years of service in the Army. He has been with a unit in France since April, 1955. He received his discharge at Camp Chaffey, Arkansas. He is the son of Mr. and Mrs. Eddie B. Hopper.

The Hoppers have another son who is serving with the Army in Germany, Sergeant Avery Gene Hopper.

**ACKNOWLEDGES OVATION**—Senator Daniel, Democratic nominee for governor, and his wife acknowledge the applause from delegates at the Democratic state convention at Fort Worth.

## Ranger Minister Takes Pastorate

Acceptance of the call to the pastorate of the First Baptist Church in Hamlin was given by Rev. Calvin Bailey Sunday morning when he notified by telephone the chairman of the pulpit committee. Official announcement was made at the morning worship service of the church.

The church, which has been without a pastor since June 24,

when Rev. Houston Walker resigned to accept a pastorate in Lubbock, had extended the young minister the call a week earlier.

Bailey and his family will move to Hamlin on October 4, and he will occupy the pulpit as pastor on October 7. The Baileys have two children, a girl, Sylvia, five years old, and a son, Danny, 18 months old.

## Nine Hamlin Colored Students Attending College This Session

Nine colored young people of Hamlin who are recent graduates of DePriest School have enrolled in various colleges, according to tabulations made by DePriest officials.

Bobby Gene Jackson, David Wortham and D. C. Carr have enrolled at Butler College in Tyler. All three are interested in physical education.

Joanne Logan is enrolled at the Gayle Business School in Abilene to study business administration.

Bobbie Gay Powell is enrolled at a beauty school in Austin.

Vinita Mayfield is studying nursing at Dallas. She has begun her second term of study.

John Reese Mayfield has gone back to Texas Southern University at Austin as an advanced junior. John Reese is majoring in social science.

Edward Van Zandt is in Dallas taking a course in mortuary science.

## First Meeting of Cubs Scheduled Monday

First Cub pack meeting of the new school year has been set for Monday evening, declares Eddie Jay, Cubmaster.

All parents of boys from eight to 12 years of age who are interested in their boys becoming Cub Scouts are urged to attend. The meeting will be held at the Primary School building.

## John F. Green Jr. Joins Galveston Law Firm

John F. Green Jr., son of Mr. and Mrs. John F. Green Sr. of Hamlin, received his license to practice law Monday afternoon as summer graduates of the University of Texas were licensed at Austin. Young Green graduated from the UT law school in August with high honors.

Parents of Green left Saturday for the state capital and witnessed the ceremonies Monday.

Young Green has become associated with a law firm in Galveston. The family moved to the Gulf Coast city September 1 to make their home.

## Swastika Strata Probed as Casing Now Being Run

Oil production just one-half mile north of the Hamlin city limits in a well being completed this week brings the black gold closest to town. That development and another completion four miles northwest of Hamlin hold the spotlight of oil activity in the Hamlin region this week.

Operator for the Sunray Mid-Continent Oil Company's No. 1 Harriett Hill test just north of the Midwest Cooperative Oil Mill was running casing for completion in the Swastika Sand at the wildcat. It is in Section 175, Block 1, B. B. B. & C. Railway Company Survey. Total depth is 6,310 feet in lime. The test flowed oil in 14 minutes during a drill-stem test from 3,571-77 feet in the Swastika three weeks ago before being drilled deeper.

Kewanee Oil Company No. 1 Taylor test, four miles northwest of Hamlin, has been completed in the Judy Gail (Canyon) Field. No. 1 Taylor had a calculated daily potential of 408.08 barrels of 40.8-gravity oil. Flow was through a quarter-inch choke with 80 to zero pounds casing and 430 pounds tubing pressure. It is producing from 88 perforations at 4,390 to 4,412 feet, with the casing set at 4,499 feet. Total depth was 4,500 feet, plugged back to 4,466 feet. Site is in Section 203, Block 1, B. B. B. & C. Survey.

## Future Farmers of America Chapter Names New Officers

Members of the Hamlin chapter of Future Farmers of America held their first regular meeting for the new school year Tuesday at the agriculture building. Principal business of the meeting was to elect officers.

The following new officers were named: Steve Reynolds, president; Dave Weaver, vice president; Mac Reid, secretary; Ronny Parker, reporter; Clifford Green, sentinel; T. C. Blankinship and Harold Eades, advisors.

An important highlight of the session was the election of the chapter sweetheart. Four popular girls were nominated for the honor. The sweetheart will be announced in a special assembly later in the year.

Regular dues were set at \$1.50 and they must be paid by September 25. The chapter also set the regular meeting night as the first Monday night in each month at 7:00 o'clock.

## Who's New This Week

Five new citizens were recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Three boys and two girls, they are:

A boy for Mr. and Mrs. Louis Johnson was born September 12 at 9:30 a. m. Weighing eight pounds four ounces, he has been named Jeffrey Scott.

A boy arrived for Mr. and Mrs. George Goforth of Gainesville on September 13 at 5:40 p. m. After tipping the scales at seven pounds 11 ounces, he accepted the name John Mark.

A girl came to live with Mr. and Mrs. James P. Hart of Hamlin September 16 at 1:38 a. m. She will answer to Marilyn Evelyn. She weighed eight pounds eight ounces.

A boy arrived for Mr. and Mrs. Clyde Taylor of Aspermont September 15 at 10:55 a. m. Light-weight of the new arrivals at five pounds 14 ounces, he has been named Michael Smith.

A girl for Mr. and Mrs. Z. M. Adams of Hamlin was born September 15 at 8:05 p. m. After having her weight checked at seven pounds one ounce, she accepted the name Vickie Laverne.

## J. M. Metcalfe Is New Gospel Mission Pastor

Rev. J. M. Metcalfe is the new pastor of the Full Gospel Mission in Hamlin, located just north of the Katy Railway in North Hamlin. He and Mrs. Metcalfe moved here this week from Comanche, where he has been preaching. He previously was at Brownwood.

Rev. Metcalfe announces that regular services will be held at the church as follows: Sunday School at 10:00 a. m. and preaching services at 11:00 a. m. and 7:30 p. m. Sundays, with prayer services at 7:30 Wednesday evening. The public is invited to the services.

## Funeral Policies Not Assumed by Concern

Insurance policies of the Hamlin Burial Association, operated in connection with the Hamlin Funeral Home, had not been assumed by the Consolidated Life Insurance Company of Aspermont, whose license recently was revoked by the Texas Insurance Commission, as was stated in an article in last week's Herald, Bill Foster, owner of the Hamlin concern, advises the paper.

The Herald had been misinformed in this connection, and rescinds the statement with its apologies.

Foster says that his company's operation has been regularly checked by the insurance commission and has been declared stable and meeting all insurance requirements.

Hattie Caraway was the first woman elected to the United States Senate.

## SMALL FARMERS ARE CAUGHT IN MID-STREAM

The president's message on agriculture of two years ago noted that the production of 3,500,000 of the nation's 5,500,000 farms is so small (they account for but 15 per cent of the whole) that these farmers individually derive little benefit from crop supports. And the secretary of agriculture, in cooperation with the National Agricultural Advisory Commission, was directed to give "special attention to the problems peculiar to small farmers."

The Department of Agriculture now announces it has begun its "Rural Development Program" in 55 counties showing especially low farm incomes. (Congress provided no money for this project for last year). The program, a cooperative one with states and counties, includes technical assistance, emergency loans, and a line of credit for farmers who present sound plans.

Political pronouncements aside, all farm aid measures eventually must take account of the fact that American agriculture is mid-stream in the transition from a handicraft to a mechanized industry. The new kind of farming calls for less manpower than the old.

Viewed cold-bloodedly in this light, what the Department of Agriculture is undertaking could be seen as interfering with an inevitable readjustment where the readjustment is longest overdue—encouraging "marginal" farmers to hold on to "jobs" much less promising than those in factories.

But farming is not only a way of making a living. It is also a way of life. Some people prefer a Spartan existence near to nature on land they can call their own to more comforts in the city. Should these people be forced to leave if they wish to stay? Marginal farmers, particularly the older ones, are often the ones least fitted to learn new skills.

Any farm aid program in the long run, can do little more than minimize the hardships of the great transition. One should hardly question directing a relatively inexpensive project toward aiding those whose personal needs are the greatest to help themselves.

Little more than minimize the hardships of the great transition. One should hardly question directing a relatively inexpensive project toward aiding those whose personal needs are the greatest to help themselves.

## It's Time to Face Facts

We shouldn't have to keep reminding adults of their responsibility for keeping children safe in traffic—but we do.

The need is obvious when the National Safety Council reports more than 2,000 children killed and 140,000 injured each year in motor vehicle accidents.

Admittedly, the heedless actions of many child traffic victims thrust them into dangerous situations. But even in such cases, adults must accept the blame.

By their very nature, children are excitable, heedless and unthinking. We, as adults, know this. Yet, somehow, we expect every child to realize instantly that an automobile is a deadly monster if he strays into its path. We expect the child to know more about stopping distances and speed than most drivers know themselves.

If you think that's stretching a point, think back how many times the excuse is used, "I couldn't stop in time" or "I didn't see him soon enough."

Any driver who has run down a child knows the "life" that are on his conscience. "If I had been going a little slower!" "If I had been more wide awake." "If..."

It's time for all adults to face up to their full responsibility for our shamefully high child pedestrian toll. It's time for all adults to adjust their driving, increase their alertness when driving in any area where children may be walking or playing. It's time for all drivers to keep a sharp look-out for children and to be ready to protect them from their heedless behavior when necessary.

It's time for every parent to try harder than ever before to prepare his child for the dangers of traffic... by his own teaching and his own example.

Half-way measures are not enough; and we still haven't done enough.

We as adults must accept fully and without reservation the fact that we must "be our brother's keeper" when it comes to children in traffic.

The Texas Safety Association says that's not just a high-minded goal to strive for. It is an absolute minimum requirement for every adult who wants to be able to live with himself.

## Cheerfulness Is Vital

Cheerfulness has a dual value in life. First, it helps you; then it helps to help others—and it keeps on spreading out into the great throng of humanity, stirring the hearts of men as the gentle breeze stirs the leaves of the forest, returning to you its endless course.

And all the while it makes the heavy load lighter and the dark road brighter for all.

Some people have private telephones. Others have tea-age children.

## RECALLING Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

News notes of interest in the Hamlin community 20 years ago included the following, reprinted from the issue of The Hamlin Herald dated September 18, 1936:

Richard Lehman and N. E. Monday met sudden death early Tuesday morning while on their way to Dallas. They were accompanied by Doris Steed, 17, and her brother, James Steed, 15, but the children only suffered minor injuries. The car in which the group was riding ran into a bridge abutment.

Haskell baseball team won the right to meet the Hamlin crew in off.

The Wichita Valley League play-Louise Abbott left Saturday to accept a position with Dickey's ready-to-wear store at Vernon.

E. R. Day and June Day announce their appointment as Hamlin dealers for Chrysler and Plymouth automobiles. They are located in the W. L. Boyd building.

Ivey Dean of Anson, a brother of Mrs. I. R. Witt, has accepted a position with the Waggoner drug store.

Eight hundred and one students have been enrolled in the schools at Hamlin, according to C. G. Green, superintendent.

### TEN YEARS AGO.

Among goings-on in the Hamlin community 10 years ago were the following, as recorded in the issue of The Hamlin Herald dated September 20, 1946:

C. E. Phelps of the Phelps Ice Company was in Hamlin this week making plans to expand his concern's meat processing plant. Also new lockers are being added to the storage plant to give it a total of 650 lockers.

New \$125,000 Elementary School building in Northwest Hamlin is taking shape under direction of the builder, T. E. Shelburne & Son.

A big expansion program is underway at the Hamlin plant of the Celotex Corporation. Production Manager J. O. Lewis says new equipment is being added to the crusher plant at Longworth.

Hopes of harvesting a 25,000-bale cotton crop this year in Jones County are being expressed following good rains that have fallen in the territory in recent days.

Joan Culbertson, daughter of Mr. and Mrs. J. C. Culbertson of Hamlin and Z. Edgar Boaz, son of Mr. and Mrs. Edgar Boaz of Anson, repeated marriage vows Saturday evening at the First Methodist Church. The newlyweds will be at home in Anson after a honeymoon trip to New Mexico and Colorado.

### FIVE YEARS AGO.

Among happenings of the Hamlin community five years ago were the following, reproduced in brief from the issue of The Hamlin Herald dated September 21, 1951:

Becky Bowman, daughter of Mr. and Mrs. Gilbert Bowman of Hamlin, became the bride of Willis (Doc) Huchingson of Rotan Saturday evening.

Mrs. Fed Britton and sisters, Ava and Valeria Hudson, spent last week vacationing at Ruidoso, New Mexico.

Safeway features 79 cents coffee this week at 79 cents per pound.

Pied Piper gridders of Hamlin High School took their first football game of the season from the Haskell Indians Friday night by a 19 to 2 score.

J. E. McCoy and J. B. Terrell Jr. won the Scotch golf tournament staged last week-end at the Lakeview Golf Club.

### ONE YEAR AGO.

News items in the Hamlin community one year ago included the following, condensed from the issue of The Hamlin Herald dated September 16, 1955:

L. H. (Herman) McBride was named as a member of the City Council in voting Tuesday. No opposition was shown as McBride polled all 32 of the votes cast in the balloting.

Rev. W. A. Thomas, student at Hardin-Simmons University in Abilene, has accepted the pastorate of Sunset Baptist Church in Hamlin.

A check for \$2,200 from the National Foundation of Infantile Paralysis has been received by the Jones County chapter to abet county funds in the handling of polio cases, according to Gene Prewitt, chapter chairman.

### RED CROSS AS ATTORNEY.

Last year, 20,500 veterans and dependents of veterans gave the American Red Cross power of attorney to represent them before the Veterans Administration.

## Wheat Soil Reserve Payments Will Be Made in Certificates for Cash or Grain

Compensation to farmers for reducing their 1957 crop winter wheat acreage below their wheat allotment, designating such acreage for inclusion in the soil bank's acreage reserve program, will be in the form of negotiable certificates, R. G. Schauner, chairman of the state Agricultural Stabilization and Conservation committee, has announced in a release to The Herald.

The certificates are redeemable in cash through banking channels, or they may be redeemed in grain by the producer to whom they are issued. The certificates will be issued after the county ASC committee can determine that the acreage reduction requirements have been met.

Schauner explained that the amount of compensation for wheat on the farm will be determined by multiplying the base unit rate per bushel for the county (which is \$1.20 in Jones County) by the smaller of (1) the normal yield for the farm or (2) the normal yield for the land designated in the agreement as the acreage reserve; this figure will then be multiplied by the number of acres determined as the acreage for compensation. The base unit rate per bushel varies by counties.

Except that the wheat acreage placed in the acreage reserve for a farm may not exceed the wheat allotment, the maximum wheat acreage which may be "reserved" is generally 50 per cent of the allotment or 50 acres, whichever is larger. The minimum wheat acreage which may be placed in the acreage reserve is three acres or the allotment, whichever is smaller.

Land in the acreage reserve must not be cropped or grazed during the period of the soil bank agreement. If any winter wheat is grown on the farm this fall, acreage reserve agreements for the 1957 wheat crop must be signed by September 21.

## Wike Absolved of Most of Car Debt By Abilene Court

J. N. Wike of Hamlin was exonerated of most of the claim of a finance for a car by a jury in 42nd District Court at Abilene when the jury wiped out by its verdict \$1,353 of \$1,521 which an Abilene finance company claimed Wike owed.

Still undecided in the case was whether Wike could collect double \$892 which he said the finance company charged as interest and constituted usury. Judge J. R. Black of the court will decide this point when he renders judgment.

Wike purchased a new Lincoln in 1953 and gave a note for \$4,743.36 which was acquired by the Universal CIT Credit Corporation. After making 16 payments, the car was repossessed because, the loan company claimed, Wike was delinquent.

Still due was \$1,521 after the car was sold for \$2,047. This was the amount sought by the insurance company, plus 15 per cent attorney's fees.

Wike claims that the company charged him more than the legal 10 per cent maximum interest rate on the loan.

The jury decided in its verdict that the car was worth \$2,400 when it was sold in 1955, rather than the \$2,047, which made Wike still owe \$168 instead of \$1,521.

Davis Scarborough was attorney for Wike.

## Attendance at City Sunday Schools Sags Below Previous Week

Attendance at Sunday Schools of the 13 reporting churches of Hamlin last Sunday sagged below the total for the week previous by 125 as well as below the total of a year ago, tabulations made by The Herald reveal.

## Boys and Girls Have Obligation to Practice Safety Too in Traffic Drive

"Boys and girls, you're playing with death when you play in the street!"

That warning was given this week by E. C. McFadden of Dallas, president of the Texas Safety Association, as he asked them to do their part in the child safety program the Texas Safety Association, the Department of Public Safety and the National Safety Council are conducting this month.

"During this program we're doing everything we can to get drivers to watch out for you boys and girls in traffic," he said. "We are also urging your parents to teach you safe traffic practices. But none of these efforts will keep you safe if you don't get on the ball yourselves."

"Young people must learn that automobiles move fast and that anyone who happens to get in a car's path is likely to get hurt," he said.

"Boys and girls often think that, because they can see a car coming, the driver of the car can also see them," McFadden said. "Sometimes the driver doesn't see them or if he does he may not be able to stop his car in time to avoid hitting them. So smart boys and girls take no chances."

"Playing in the street, running out into the street after a ball or other toy, crossing in mid-block or at intersections against the light are all things that place children in danger," he said.

He advised boys and girls to strictly observe the following rules if they want to stay safe in traffic.

1. Obey all traffic officers, school patrol leaders and traffic signs and signals.

### All Stall Space Taken By Stock at State Fair

# SHOP Bailey's Department Store -- SOLID VALUES --

## Why do we stock and sell only Standard Branded Merchandise?

Because, after many years' experience in buying and selling merchandise, we are convinced that high quality merchandise will give you complete satisfaction, and by buying advertised standard brands you always get what you pay for.

In these times, more important than ever, money needs to last longer, go further—and the placement of this money should be in SOLID VALUES. You know this . . . and so do we!

Now, our margin of profits are by necessity held lower than they should be in order to meet promotionally made merchandise prices, and to keep volume up to pay expenses.

We have for years and will continue to sell only that merchandise that we know will stand the test, or we will make it good.

Each season we clear our stocks by sales on seasonable merchandise in order to have the newest trends the next season. We buy cautiously in the best lines we know—with you, the buying public, in mind. The consideration of you, your needs and your investments are always foremost in our minds and merchandising.

## We have a very pleasant Lay-away Plan—an Installment Plan

. . . and we extend a special service in the way of 30-day charge accounts when they are warranted. Our attitude is: You are entitled to the best . . . and now you can have the best for little more, and in many cases for less. We solicit your patronage on the merits of our merchandise, our considerations, our service and our sincere appreciation.

### Organizing Clothes Helps School Rush

Getting youngsters dressed for school is a hurry-up affair in many families. Time is important, says Mrs. Mary Y. Newberry, home demonstration agent, but so is training the child to become independent, responsible and neat in dressing himself and caring for his clothes.

Here are some tips that will help:

1. Help children arrange their school clothes separately from party, church and miscellaneous clothes in their own closet.
2. Encourage them to arrange matching socks, ribbons and ties on hangers with dresses or shirts.
3. Encourage them to plan what they will wear each day the night before, to make sure everything is ready to go in the morning.

### BILL CARTERS BACK

Mr. and Mrs. Bill Carter have returned from their vacation which took them to Fort Worth for a visit with their son, Lee, and family and on to Jackson, Mississippi, to visit 10 days with their daughter, Mrs. W. C. Williams, and family.

## Good Breakfast Helps Start Day Right for Students and Others

September, and the opening of school, means a "fresh start" for most family members in one way or another. It's also the time when eating habits are reestablished for school and work days ahead. Mary Y. Newberry, home demonstration agent, says it's a fine time to establish good breakfast habits for every member of the family.

Eating a good breakfast pays off in efficiency, alertness and better health. There is lots of proof for that statement. Research has shown that breakfast skippers rob themselves of potential alertness and efficiency during late morning hours, and that dieters are wrong if they think missing breakfast is a practical way to lose weight.

There is much room for improvement. Only one out of five children goes to school with a good breakfast. Sixty per cent of teen-age girls habitually eat a breakfast entirely inadequate to their physical needs. Only about 40 per cent of the women say that they have good breakfasts. These were some of the figures reported in a nation-wide survey.

Aim for an adequate breakfast. This means one that will provide one-fourth to one-third of the day's total food requirements in calories and nutrients. It should include these basic foods: Fruit or fruit juices, cereal or eggs and meat or both, whole and enriched bread, butter or margarine, milk and coffee.

Be a breakfast booster—start with yourself and other members to help improve breakfast eating habits of all age groups.

## NO ONE Detergent Is Good for All Washing

No one detergent is good for all home laundering, according to Mary Y. Newberry, county home demonstration agent. To help you choose the best detergents for your own laundering needs, a new bulletin has been issued entitled "Detergents for Home Laundering."

This new bulletin takes the guess-work out of buying detergents. It describes types of soap and synthetic detergents available at retail and gives research based information on their suitability for different kinds of fabrics and degrees of soil.

Ask your county home demonstration agent about this new information.

Mary Hollis and Inez Nichols of Mary's Beauty Shop attended the monthly meeting of Unit 12 of the National Hairdressers and Cosmetologists Association at the Windsor Hotel in Abilene last Monday.

A guest speaker was one of the top officials in demotics' products from West Virginia. New hair fashions were featured in the evening's program.

## H. J. (Jack) Barrett, Formerly of Hamlin, Succumbs at Lubbock

H. J. (Jack) Barrett, 42-year-old prominent Lubbock automotive parts dealer, and former Hamlin resident, died Friday morning at the Methodist Hospital in Lubbock.

Barrett had been a resident of Lubbock since 1932, moving there from Hamlin, where he had resided from 1926 to 1932. He was a 1931 graduate of Hamlin High School, and played on the baseball team while in high school.

He was a partner with his brother, Howard F. Barrett, in Barrett's Automotive, which has branches in Abilene, Lubbock, Plainview and Odessa.

Funeral services were conducted Monday afternoon at St. John's Methodist Church in Lubbock, with Rev. J. Edmund Kirby, pastor, officiating. Burial was in the City of Lubbock Cemetery.

Survivors include his wife, two daughters, one son, one brother, one sister, and his parents, Mr. and Mrs. Wylie Y. Barrett, of Lubbock.

## Indian Ceremony Features Meeting Of Scout Group

Hamlin Boy Scouts of Troop 43 had a "jam-up" good meeting Monday night under the leadership of Weldon Johnson, Scoutmaster; Bob Martin, junior assistant Scoutmaster; and John Richey, senior patrol leader.

Feature of the program, according to Harold Eades, neighborhood Scouting commissioner, was Indian ceremonials which were demonstrated by John Richey, who used Bob Martin's costume.

Following John's demonstration all the boys present were allowed to "do their stuff" in the center of the circle.

Preceding the Indian ceremonials John Richey helped a group of Webelos to organize into a Scout patrol. They call themselves the Rattlesnake patrol. Mark Smith is patrol leader, Andy French is assistant patrol leader, Larry Stephens is scribe, Van Newberry is quartermaster, and Lloyd Boren is assistant quartermaster. While John helped the Rattlesnakes to organize, Bob Martin was busy with the other boys playing games.

Where was Mr. Scoutmaster? Weldon sat on the sidelines watching the results of a well planned meeting unfold and give the boys what they want in Scouting.

During the Scoutmaster's minute Weldon Johnson inspired the boys to live up to the Scout motto, the Scout laws and the ten commandments.

B. V. Newberry treated the boys to a watermelon slicing following the meeting.

Members present were Mike Browning, Clyde Hodnett, Jerry Duncan, Bill Richey, John Ferguson, Jerry Smith, Ray Johnson, Jimmy Shivers, Bob Johnson, Jimmy Cooper, Larry Stephens, Mark Smith, Dan Newberry, Neal Branscum, Lloyd Boren, Santa Anna Contreras, Mike Martin, Gary Cooper, Milburn Crawford, Craig Hester, Van Newberry and Andy French.

## Merkel Badgers Come Friday For Pipers' First Home Game

### One of Biggest First-Tilt Crowds Ever Expected

Fresh from a 46 to 6 defeat of the Abilene High School B crew last week-end, the Merkel Badgers sail into Hamlin-town Friday night for the first home football game of the season for the Pied Pipers.

But Coach Truman Nix informs the local customers and visitors that he has an aggregation of grid-ters ready and waiting for their perennial foes from down south. But it won't be a push-over, the local mentors are aware.

Although Merkel has been dropped from Class AA football to Class A, the Badgers always have fielded a strong bunch of football boys that have through the years given the Pied Pipers plenty of trouble.

One of the largest opening day crowds ever to see a grid battle on the Pied Piper field is expected to be out for Friday night's tussle as the Nixmen hope to make it three wins in a row against non-conference competition.

Game time is 8:00 o'clock, and the Pied Piper Band will make its first appearance under the direction of the new leader, Mac Fullerton, at the game.

### DISTRICT 4-AA STANDINGS

District 4-AA football teams again won three of their four week-end football games Friday night to keep their record looking fairly good. Stamford, Seymour and Hamlin won their games, while Anson dropped their melee.

Standings of the four district teams after Friday's games look like this:

| Team     | P. | W. | L. | Pct.  |
|----------|----|----|----|-------|
| Seymour  | 2  | 2  | 0  | 1.000 |
| Stamford | 2  | 2  | 0  | 1.000 |
| Hamlin   | 2  | 2  | 0  | 1.000 |
| Anson    | 2  | 0  | 2  | .000  |

#### Results Last Week

Stamford 53, Ballinger 6.  
Winters 20, Anson 12.  
Hamlin 18, Spur 12.  
Seymour 27, Munday 13.

#### Where They Play Friday

Spur at Anson.  
Merkel at Hamlin.  
Seymour at Burkburnett.  
Stamford at Andrews.

### Grid Ticket Options Need to Be Picked Up

Holders of options on certain seats at the Hamlin High School football stadium were being urged this week to pick up the option not later than today (Thursday).

### Pied Pipers Get Revenge in 18-12 Victory Over Spur

Coach Truman Nix's Hamlin Pied Pipers strengthened their position in area football circles by defeating a strong Spur Bulldog delegation on their home grounds at Spur last Friday night by an 18 to 12 tally. The local boys found revenge for their 19 to 13 loss last year to the Spur crew in a homecoming set-to.

The winning touchdown was pushed over in the fourth period by John Richey when he plunged from the one-yard spot to score. The Pipers had recovered a Spur fumble and staged a 22-yard drive to set up the score.

Eddie Hagins brought first blood in the first quarter by running 64 yards for the Spur touchdown. After an extra point failure by Spur, the Pipers came back a few minutes later to even things up when Doug Ford went over on a one-yard plunge. Hamlin's extra point likewise failed, and the first quarter ended 6 to 6.

The second quarter found the ancient rivals hitting it off pretty even, and the half ended with the 6 to 6 deadlock.

In the third period Don Adair's short line buck put the Pipers ahead. The boot for extra point again went wide.

Max Gabriel made an eight-yard run to tie the game again after a blocked punt in the third.

Each team made five first downs.

### Junior High Gridders Play Merkel Tuesday

Hamlin Junior High School gridders will play their second game of the season next Tuesday night when they engage the Merkel Junior High School team on the Merkel grid. Game time will be 7:30 p. m.

Next home game on the menu for the locals will be with Anson at Hamlin on October 2.

QUARTERBACK TALK—Charley Waller, wearing baseball cap, University of Texas back-field coach, shows how to make a hand-off to Walter Fondren during a practice session at Austin. Looking on are two top contenders for the quarterback slot, Vince Matthews (left) and Joe Clements on the right.

### District 4AA Teams Again Victorious In Three of Four Games Last Week

After winning three of the first four games the first week of the 1956 grid season, the four football teams of District 4-AA repeated the performance last week-end in playing against non-conference foes.

State AA champion Stamford Bulldogs continued their winning ways by swamping the Ballinger Bearcats 53 to 6 on the Stamford grid, while the Seymour Panthers were clouting the Munday crew by a 27 to 13 score. Anson was defeated by the Winters Blizzards to the tune of 20 to 12, and Hamlin squeezed by the strong Spur Bulldog aggregation 18 to 12.

Stamford's 4-AA state champion crew swept to their nineteenth consecutive victory Friday night at Stamford, beating Ballinger 53 to 6. Mike McClellan, Stamford's all-stater, ran for four touchdowns, going 41, 30, 73 and 48 yards. Robert Harding counted two others, running 11 and 36 yards. Jerry Chandler passed to Billy Clifton for 15 yards and the Ballinger score. Stamford held a 23 to seven edge in first downs.

Winters' Blizzards blew up a touchdown storm the Anson Tigers could not combat Friday night and scored a come-from-behind 20 to 12 victory over the host

team at Anson. Anson took the lead twice, at 6 to 0 and 12 to 7 in the first half, on a 91-yard touchdown run with a pass by Jimmy Roberts and a 25-yard pass from Roberts to Gary Bailey. Fred Austin scored for Winters, and repeated the performance twice more in the second half to give the Blizzards a triumph.

A fumble recovery and 22-yard drive broke the second deadlock of the game Friday night and gave the Hamlin Pied Piper an 18 to 12 victory over Spur. The two

teams had battled even through three periods, with the score tied at 6 to 6 in the first period and 12 to 12 after three quarters.

But John Richey plunged a yard for the winning touchdown in the fourth. Eddie Hagins ran 64 yards to give Spur a first period lead, but Doug Ford knotted it for Hamlin with a one-yard push. Don't Adair's short line buck put the Pied Pipers into a 12 to 6 command at intermission, but Max Gabriel's eight-yard run after a blocked punt tied it in the third. Each team had five first downs.

Seymour's strong Panther crew, with more returned lettermen this year than any other team in the district, flexed its muscles in a 27 to 13 victory over the Mun-

### Tennis Enthusiasts of Area Organize To Promote Inter-City Tournaments

About 25 tennis enthusiasts of the Hamlin community met Monday evening in the high school cafeteria to form the Hamlin Tennis Association and elect officers.

Goals of the HTA were set as follows: Overall development of tennis in the Hamlin and West Texas area; local development of the tennis youth; and recreational promotion of the tennis game.

Specific work for the club in attaining these goals included: Sponsoring of trips to tournaments; promotion of local tournaments; and holding of inter-

city matches against tennis associations of other towns.

Acting as temporary president of the HTA is Lawrence Shivers. Serving as vice president and youth coordinator is Doyle B. Smith. Stanley Carmichael and W. C. Russell will serve as co-chairmen of the finance committee. Max Murrell was elected secretary-treasurer of the club. Appointed as club reporter was Perry Davis.

Members of the HTA are planning to hold an invitational tournament as soon as the high school courts are completed. The tournament will bring into Hamlin several outstanding tennis players of the area and provide the city a chance to see the youngsters in action.

Next meeting of the group is tentatively scheduled for Monday, October 1.

*It's Bonanza time at Buick Dealers!*

## -And Smart Folks are buying Now

*(You get a triple Bonanza in today's Buick)*

THERE NEVER was a better time to start enjoying a gorgeous new Buick.

Take today's low Buick prices. Frankly, who can tell if they'll ever be as low again?

Take trade-in allowances. Buick is more strongly than ever in America's top three best sellers, so we can afford to give you the benefit of any doubt.

Take the season. Isn't it time to trade your present car before its value goes down?

Above all, consider all you get in a '56 Buick. Advanced styling, power, ride. And wonderful new advanced Variable Pitch Dynaflo\*—with a double helping of take-off and a sweet new kind of control.

So doesn't it all add up to a real bonanza of value? Drop in and we'll prove that it does. And hurry—the sooner, the smarter!

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

### Bonanza Trade-in Allowance

—because your present car is at its peak value right now. And because — with Buick so solidly set as America's No. 3 Best Seller—our bigger sales volume permits us to make you an even better trade-in allowance.

### Bonanza Buy

Buick prices start right next to those of the smaller cars. But those Buick dollars buy you a whole of a lot more automobile—more room, more power thrill, more styling freshness, more ride stability, more solidity of structure—the Best Buick Yet.

### Bonanza Resale

A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflo.\* It's the most advanced transmission yet developed—and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

Fifth Graders Name Officers; Make Trip To Shrine Circus

Fifth grade students of the Hamlin Elementary School organized this week into clubs in their individual rooms.

Room 5b, under the supervision of Maggie Mae Seymore, elected the following officers: Cleon Warner, president; Phyllis Scarborough, vice president; Larry Butler, secretary; and Marlene Baize, treasurer.

Room 5c students of Odean Murphree elected Walter Wallace Cox as president; Barbara Lakey, vice president; and David Bingham, secretary. These students will hold office for six weeks.

Fourth and fifth grade children who were given permission by their parents to attend the Shrine Circus last Thursday enjoyed the special treat very much, Miss Murphree, the principal, reports. All of the fifth grade and almost all of the fourth grade students who went to Stamford were given free transportation by mothers who loaded their cars for the trip. Miss Murphree extends appreciation to those who helped and to those who provided the tickets.

Funeral services for Mrs. Sarah Viola Brown, 83-year-old widow who lived with her son, Earl R. Brown, at Hamlin, were conducted Tuesday morning at 10:00 o'clock at Musgrove Methodist Church near Commerce. Rev. Franklin Gray, pastor, officiated.

Mrs. Brown died Sunday morning about 7:00 o'clock at the Earl Brown home after a lingering illness.

Born Sarah Viola Hair at Litchfield, Kentucky, on May 21, 1873, she was the daughter of Mr. and Mrs. C. W. Hair. She married W. L. Brown at Sulphur Springs on May 24, 1881. She had been a member of the Methodist Church for 72 years.

Burial was in the Commerce Cemetery Tuesday morning under the direction of Hamlin Funeral Home.

Survivors of the octogenarian include four brothers, Earl R. Brown of Hamlin, Melvin Brown of Lindale, Tom Brown of Winnsboro and Louis Brown of Dallas; one daughter, Mrs. Sam Tindal of Littlefield; one brother, John V. Hair of Commerce; 15 grandchildren and six great-grandchildren.

Milk Production of West Texas Area Up For Month of August

During August, Central West Texas handlers sold 11,312,552 pounds of Class I milk, including a number of producers from the Hamlin sector. Approximately 23 per cent of these sales were made in areas outside the Central West Texas marketing area. The August daily Class I sales by approved plants were 5.54 per cent above the July daily sales and 6.32 per cent over the daily sales during August, 1955.

Daily receipts of milk from producers decreased from 427,713 pounds in July to 419,852 pounds in August, or a decrease of 1.84 per cent. However, daily receipts during August this year were 16.4 per cent above the August, 1955, daily receipts. Producer receipts were 115.05 per cent of Class I sales during August compared to percentages of 123.71 for July, 1956, and 105.05 for August, 1955.

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during August will be \$5.72 per 100, according to an announcement by Byford W. Bain, market administrator.

What do you think of... when you see a Church?

Have you looked at a church lately?

To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe, perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!

Next time you see a church, take a good look... and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Merkel Badgers Come Friday For Pipers' First Home Game

One of Biggest First-Tilt Crowds Ever Expected

### DISTRICT 4-AA STANDINGS

District 4-AA football teams again won three of their four week-end football games Friday night to keep their record looking fairly good. Stamford, Seymour and Hamlin won their games, while Anson dropped their melee.

Standings of the four district teams after Friday's games look like this:

| Team     | P | W | L | Pct.  |
|----------|---|---|---|-------|
| Seymour  | 2 | 2 | 0 | 1.000 |
| Stamford | 2 | 2 | 0 | 1.000 |
| Hamlin   | 2 | 2 | 0 | 1.000 |
| Anson    | 2 | 0 | 2 | .000  |

#### Results Last Week.

Stamford 53, Ballinger 6.  
Winters 20, Anson 12.  
Hamlin 18, Spur 12.  
Seymour 27, Munday 13.

#### Where They Play Friday.

Spur at Anson.  
Merkel at Hamlin.  
Seymour at Burk Burnett.  
Stamford at Andrews.

### Grid Ticket Options Need to Be Picked Up

Holders of options on certain seats at the Hamlin High School football stadium were being urged this week to pick up the option not later than today (Thursday).

## Pied Pipers Get Revenge in 18-12 Victory Over Spur

Coach Truman Nix's Hamlin Pied Pipers strengthened their position in area football circles by defeating a strong Spur Bulldog delegation on their home grounds at Spur last Friday night by an 18 to 12 tally. The local boys found revenge for their 19 to 13 loss last year to the Spur crew in a homecoming set-to.

The winning touchdown was pushed over in the fourth period by John Richey when he plunged from the one-yard spot to score. The Pipers had recovered a Spur fumble and staged a 22-yard drive to set up the score.

Eddie Hagins brought first blood in the first quarter by running 64 yards for the Spur touchdown. After an extra point failure by Spur, the Pipers came back a few minutes later to even things up when Doug Ford went over on a one-yard plunge. Hamlin's extra point likewise failed, and the first quarter ended 6 to 6.

The second quarter found the ancient rivals hitting it off pretty even, and the half ended with the 6 to 6 deadlock.

In the third period Don Adair's short line buck put the Pipers ahead. The boot for extra point again went wide.

Max Gabriel made an eight-yard run to tie the game again after a blocked punt in the third.

Each team made five first downs.

### Junior High Gridders Play Merkel Tuesday

Hamlin Junior High School gridders will play their second game of the season next Tuesday night when they engage the Merkel Junior High School team on the Merkel griddle. Game time will be 7:30 p. m.

Next home game on the menu for the locals will be with Anson at Hamlin on October 2.

QUARTERBACK TALK—Charley Waller, wearing baseball cap, University of Texas backfield coach, shows how to make a hand-off to Walter Fondren during a practice session at Austin. Looking on are two top contenders for the quarterback slot, Vince Matthews (left) and Joe Clements on the right.

## District 4AA Teams Again Victorious In Three of Four Games Last Week

After winning three of the first four games the first week of the 1956 grid season, the four football teams of District 4-AA repeated the performance last week-end in playing against non-conference foes.

State AA champion Stamford Bulldogs continued their winning ways by swamping the Ballinger Bearcats 53 to 6 on the Stamford grid, while the Seymour Panthers were clouting the Munday crew by a 27 to 13 score. Anson was defeated by the Winters Blizzards to the tune of 20 to 12, and Hamlin squeezed by the strong Spur Bulldog aggregation 18 to 12.

Stamford's 4-AA state champion crew swept to their nineteenth consecutive victory Friday night at Stamford, beating Ballinger 53 to 6. Mike McClellan, Stamford's all-star, ran for four touchdowns, going 41, 30, 73 and 48 yards. Robert Harding counted two others, running 11 and 36 yards. Jerry Chandler passed to Billy Clifton for 15 yards and the Ballinger score. Stamford held a 23 to seven edge in first downs.

Winters' Blizzards blew up a touchdown storm the Anson Tigers could not combat Friday night and scored a come-from-behind 20 to 12 victory over the host

team at Anson. Anson took the lead twice, at 6 to 0 and 12 to 7 in the first half, on a 91-yard touchdown run with a pass by Jimmy Roberts and a 25-yard pass from Roberts to Gary Bailey. Fred Austin scored for Winters, and repeated the performance twice more in the second half to give the Blizzards a triumph.

A fumble recovery and 22-yard drive broke the second deadlock of the game Friday night and gave the Hamlin Pied Piper an 18 to 12 victory over Spur. The two

teams had battled even through three periods, with the score tied at 6 to 6 in the first period and 12 to 12 after three quarters.

But John Richey plunged a yard for the winning touchdown in the fourth. Eddie Hagins ran 64 yards to give Spur a first period lead, but Doug Ford knotted it for Hamlin with a one-yard push. Don Adair's short line buck put the Pied Pipers into a 12 to 6 command at intermission, but Max Gabriel's eight-yard run after a blocked punt tied it in the third. Each team had five first downs.

Seymour's strong Panther crew, with more returned lettermen this year than any other team in the district, flexed its muscles in a 27 to 13 victory over the Mun-

## Tennis Enthusiasts of Area Organize To Promote Inter-City Tournaments

About 25 tennis enthusiasts of the Hamlin community met Monday evening in the high school cafeteria to form the Hamlin Tennis Association and elect officers.

Goals of the HTA were set as follows: Overall development of tennis in the Hamlin and West Texas area; local development of the tennis youth; and recreational promotion of the tennis game.

Specific work for the club in attaining these goals included: Sponsoring of trips to tournaments; promotion of local tournaments; and holding of inter-

city matches against tennis associations of other towns.

Acting as temporary president of the HTA is Lawrence Shivers. Serving as vice president and youth coordinator is Doyle B. Smith. Stanley Carmichael and W. C. Russell will serve as co-chairmen of the finance committee. Max Murrell was elected secretary-treasurer of the club. Appointed as club reporter was Perry Davis.

Members of the HTA are planning to hold an invitational tournament as soon as the high school courts are completed. The tournament will bring into Hamlin several outstanding tennis players of the area and provide the city a chance to see the youngsters in action.

Next meeting of the group is tentatively scheduled for Monday, October 1.

### Fifth Graders Name Officers: Make Trip To Shrine Circus

Fifth grade students of the Hamlin Elementary School organized this week into clubs in their individual rooms.

Room 5b, under the supervision of Maggie Mae Seymore, elected the following officers: Cleon Warner, president; Phyllis Scarborough, vice president; Larry Butler, secretary; and Marlene Baize, treasurer.

Room 5c students of Odean Murphree elected Walter Wallace Cox as president; Barbara Lakey, vice president; and Davidingham, secretary. These students will hold office for six weeks.

Fourth and fifth grade children who were given permission by their parents to attend the Shrine Circus last Thursday enjoyed the special treat very much, Miss Murphree, the principal, reports. All of the fifth grade and almost all of the fourth grade students who went to Stamford were given free transportation by mothers who loaded their cars for the trip. Miss Murphree extends appreciation to those who helped and to those who provided the tickets.

### Mrs. Sarah Brown Dies at Home of Son Early Sunday

Funeral services for Mrs. Sarah Viola Brown, 83-year-old widow who lived with her son, Earl R. Brown, at Hamlin, were conducted Tuesday morning at 10:00 o'clock at Musgrove Methodist Church near Commerce. Rev. Franklin Gray, pastor, officiated.

Mrs. Brown died Sunday morning about 7:00 o'clock at the Earl Brown home after a lingering illness.

Born Sarah Viola Hair at Litchfield, Kentucky, on May 21, 1873, she was the daughter of Mr. and Mrs. C. W. Hair. She married W. L. Brown at Sulphur Springs on May 24, 1881. She had been a member of the Methodist Church for 72 years.

Burial was in the Commerce Cemetery Tuesday morning under the direction of Hamlin Funeral Home.

Survivors of the octogenarian include four brothers, Earl R. Brown of Hamlin, Melvin Brown of Lindale, Tom Brown of Winnboro and Louis Brown of Dallas; one daughter, Mrs. Sam Tindal of Littlefield; one brother, John V. Hair of Commerce; 15 grandchildren and six great-grandchildren.

### Milk Production of West Texas Area Up For Month of August

During August, Central West Texas handlers sold 11,312,552 pounds of Class I milk, including a number of producers from the Hamlin sector. Approximately 23 per cent of these sales were made in areas outside the Central West Texas marketing area. The August daily Class I sales by approved plants were 5.54 per cent above the July daily sales and 6.32 per cent over the daily sales during August, 1955.

Daily receipts of milk from producers decreased from 427,713 pounds in July to 419,852 pounds in August, or a decrease of 1.84 per cent. However, daily receipts during August this year were 16.4 per cent above the August, 1955, daily receipts. Producer receipts were 115.05 per cent of Class I sales during August compared to percentages of 123.71 for July, 1956, and 105.05 for August, 1955.

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during August will be \$5.72 per 100, according to an announcement by Byford W. Bain, market administrator.

What do you think of... when you see a Church?

Have you looked at a church lately?

To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe, perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!

Next time you see a church, take a good look... and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Little Cotton Crop Makes Control of Bollworm Easier

Hamlin area's sparse cotton this year presents a splendid opportunity for farmers of the region to control pink bollworms for subsequent crops, it is pointed out by entomologists.

The pink bollworm is the most destructive of all cotton pests once it gets established in a cotton growing section, the entomologists declare. They advise that the best way to stop them from building up to damaging numbers is to prevent carry-over to next year's crop.

The pink bollworm over-winters in the larval stage. Seed left on the farm, in bolls on the stalks, on the ground in the field, in pick sacks, in and around buildings, trailers, etc. provide an opportunity for them to carry-over and infest next year's crop.

The larvae that over-winter in the seed are known as long cycle larvae and emerge as moths in the early summer or when there is a break in the cycle. A combination of moisture and high tempera-

## Rev. Egger Conducts Training at Snyder

Rev. Darris L. Egger, pastor of the Hamlin First Methodist Church, has been in Snyder this week directing a church training school at the First Methodist Church.

First classes were conducted Sunday afternoon, and were to continue through this (Thursday) evening.

## Excessive Heat and Cold Kill Hundreds

Do you ever moan, "This heat is killing me?" Well, it can—and so can cold!

Excessive heat and cold killed 1,208 persons in the United States in 1954. Excessive heat was responsible for 978 of the deaths, excessive cold for 230.

Hunger, thirst and exposure killed 238 other persons, according to "Accident Facts," the National Safety Council's statistical yearbook, which is just off the press.

The 1954 figures are the latest available.

Excessive heat and cold will usually cause a break in the cycle. Most authorities agree that once the cycle is broken, the larvae will pupate and emerge as a moth. The emerging moth only lives about two weeks. Unless there is fruiting cotton, okra or other host plants for them to lay their eggs on, the moths die without causing damage. The key to economical control is to carry out cultural practices that will kill the hibernating larvae or cause the moths to emerge at least two weeks before cotton fruits.

## Labor Board to Work with TEC in Handling Workers

Three Jones County citizens, Durwood McCoy of Hawley, Rev. Hugo Haterius of Avoca and Ed Sprowles of Anson, will serve as a county farm labor committee in cooperation with the Texas Employment Commission. The group met last Thursday with Donald W. Hawkins, manager of the TEC district office, to review the total seasonal employment needs developed by the TEC.

The committee was presented figures of the TEC that Jones County may be short 150 cotton pullers during the peak period of the cotton harvest.

The committee will function under public law 78, obtaining facts relevant to the supply of domestic farm workers existing in Jones County and the shortage of workers, if any, which must be met by importing Mexican nationals to harvest the cotton crop. Under public law 78 the TEC must supply this information to the secretary of labor who must limit the number of Mexican nationals to be used in this county by granting a "ceiling." The committee consults with the local office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the secretary of labor limiting the importation of Mexican nationals into this area will be posted in post offices in Anson, Stamford, Hamlin, Hawley, Avoca and Lueders, in the county agent's office and in the county courthouse in Anson. David Osmont of Tuxedo is handling laborers for the Stamford and Hamlin area. He may be contacted by farmers at the Hamlin Cooperative Gin.

## New Youth Worker At Methodist Church

New youth worker at the First Methodist Church in Hamlin is Rev. Weldon Crowley, ministerial student at McMurry College in Abilene.

Young Crowley is working at the local church each week-end, according to Rev. Darris L. Egger, the pastor. He is beginning his duties this week-end.

## WATCH STORED WHEAT.

It is just good business, points out W. S. Allen, extension agricultural engineer, to see that wheat in storage does not become contaminated. Rodents and insects offer the biggest threat to stored grain. Both can be controlled. A recent extension publication, L-257, Clean Wheat Program for 1956, is now available at the offices of county agents in the major wheat producing areas.

## Junior High School Band Names Officers

Band Director Mae Fullerton Monday announced the election of officers for the Hamlin Junior High School Band to serve during the present year.

Named in the election were: Ned Moore, president; Bob Johnson, vice president; Georgeanna Fitzgerald, secretary-treasurer; Jimmy Shivers, librarian; and Larry Upshaw, reporter.

## Freight Carloadings For Santa Fe Climb

Freight carloadings for the Santa Fe Railway System for the week ending September 1, 1956, were 25,343 compared with 22,837 for the same week in 1955, reflecting a decided gain over the year ago total. Cars received from connections totaled 13,035 compared with 12,739 for the same week in 1955.

Total cars moved were 38,378 compared with 35,576 for the same week in 1955. Santa Fe handled a total of 37,889 cars in the preceding week of this year.

## Traffic Record in District in August Cause for Praise

Jones County motorists were being complimented this week for their traffic record during August by area traffic control officers.

"A marked reduction in traffic deaths, traffic accident injuries and the number of traffic accidents is reflected in the summary of rural traffic accidents for the month of August when compared with August of 1955," said Captain G. L. Morahan, commanding officer of the Abilene Highway Patrol District.

Only two deaths were recorded in the 13-county district in August compared to nine that occurred in August, 1955. Deaths were recorded in Mitchell County and Taylor County.

There were 48 persons injured in August, 1956, as compared to 85 in August, 1955.

Labor Day closed the slow-down-and-live campaign for 1956, and during the three-month period 15 people died on the rural highways in the Abilene district, for a total of 44 deaths in 1956 in the Abilene Patrol District as compared to 48 deaths for the same period in 1955.

## Goals Featured at Methodist Conference

Emphasis and information on the goals and action of the church for the next four years were featured at the second quarterly conference for the Hamlin First Methodist Church Sunday evening at the church, according to the pastor, Rev. Darris L. Egger.

Rev. Marshall Rhew of Stamford, district superintendent, delivered the sermon Sunday evening at the worship service and conducted conference following the service.

Harmony, that was it! That was what came out of the silence—a gentle rhythm, the strain of a perfect chord, the music of the spheres, perhaps. — Richard E. Byrd.

Cuba is the largest island in the West Indies.

Capt. Morahan cautioned, "The four months ahead are 'accident-prone' months; shorter days, football season, schools in session, and more activity in general, traffic-wise, therefore greater chances of more accidents. Let us continue any effort we have been putting forth to curb traffic deaths, as statistics indicate the largest death toll in the history of Texas in 1956."

Ford tandem axle BIG JOBS are rated to carry more payload than comparable tandems of any of the leading manufacturers. T-800 model has max. GVW of 45,000 lb.—GCW is 65,000 lb.

Ford's F-100 Custom panel is one of the top load carriers in its class. It provides 155.8 cu. ft. of cargo space in a smooth, fully lined interior and hauls up to 1,535 lb. of payload.

The hardest-working, biggest-saving "two-tonner" of them all is the Ford F-600. Only Ford offers a Short Stroke Six and three Short Stroke V-8's in this field. Max. GVW is 19,500 lb.

FOR BIG JOBS... SMALL JOBS... ALL JOBS

# Ford Trucks cost less

And low first cost is only your first saving

Ford's F-100 pickup with 8-ft. box is the biggest in the half-ton field—up to 19 cu. ft. more loadspace than the others. Regular 6½-ft. box with a full 45 cu. ft. capacity also available.

COME IN TODAY!

Before you buy your next truck, look at both sides of Ford's story of value. Check what you get and what it costs. You'll like what you see.

Look at the costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines—V-8 or Six—are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life. And a 10-million truck study proves Ford trucks last longer.

Look at what you get and you'll see you get more in a Ford. For example, more horsepower per dollar—proved by a comparison of factory-suggested list prices and net horsepower of all truck lines. You get more comfort with a Driverized Cab, and more safety with Ford's exclusive Lifeguard features.

Look carefully... consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal more for your money—see your Ford Dealer.

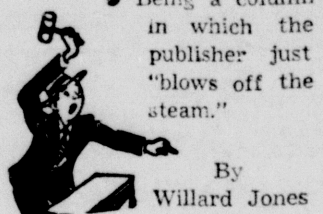

## FORD TRUCKS LAST LONGER

Using latest registration data on 10,502,351 trucks, insurance experts prove Ford trucks last up to 9.9% longer.

**BILL CARTER** returned a few days ago with his wife from a visit with relatives at Jackson, Mississippi.

Bill claims he saw some rain while he was in Mississippi. "My car is two years old," he advised, "and I got to drive it in the rain and mud for the first time while I was away." Bill declared boastfully.

However, he said that most of the country through which he passed on his 10-day trip showed that rainfall had been below normal.

**JUDGE JOE WALSH**, outstanding Massachusetts attorney who spearheaded the famous Joseph McCarthy federal investigation last year in Washington, was an interesting guest on Edward R. Murrow's person-to-person television program Saturday night.

We especially liked some of his words of wisdom given in answer to questions by Murrow.

"When you deal with people with confidence and trust, these people will repay you with genuine coins of trust," declared Walsh. "But if you treat them with suspicion, distrust and as a counterfeiter, they will pay you in the counterfeit coins of the same type."

**MOST FATHERS** are justly proud of their sons. They see in them great hopes and ambitions. An unknown author put his thought in rhyme like this:

I've a wonderful boy, and I say to him, "Son,  
Be fair and be square in the race you must run.  
Be brave if you lose and be meek if you win,  
Be better and nobler than I've ever been,  
Be honest and noble in all that you do,  
And honor the name I have given to you."

I have a boy and I want him to know  
We reap in life just what we sow,  
And we get what we earn, be it little or great,  
Regardless of luck and regardless of fate.  
I will teach him and show him the best that I can,  
That it pays to be honest and upright, a man.

I will make him a pal and a partner of mine,  
And show him the things in this world that are fine.  
I will show him the things that are wicked and bad,  
For I figure this knowledge should come from his dad.  
I will walk with him, talk with him, play with him, too;  
And to all of my promises strive to be true.

We will grow up together, I'll too be a boy,  
And share in his trouble and share in his joy.  
We'll work out our problems together and then  
We will lay out our plans when we both will be men.  
And oh, what a wonderful joy this will be,  
No pleasure in life could be greater to me.

**H. M. BAGGARLY**, editor of The Tulsa Herald, is one of West Texas' best newspaper writers. Read his columns regularly. From a recent issue we gather these thoughts:

Someone has suggested that a man and wife should take their vacations separately; that they need a vacation away from one another. Perhaps so.

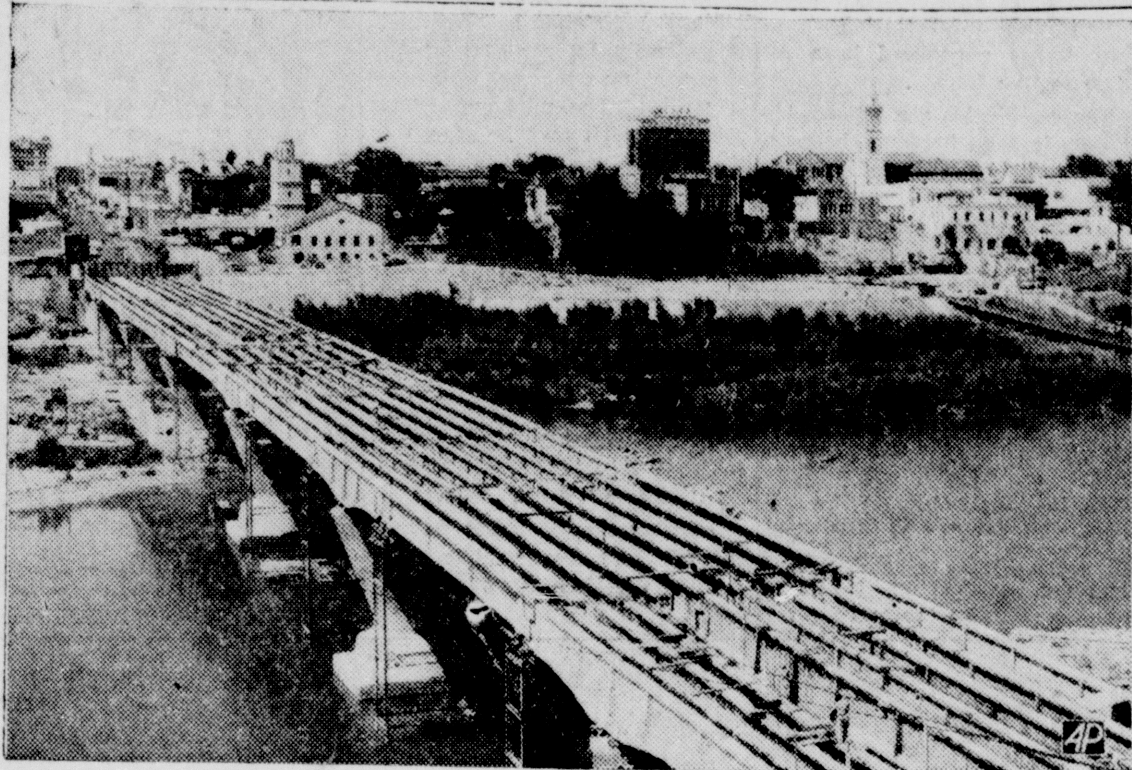

There are other advantages in spending time in solitude. Many people do not know what it is like to sit down and read a book in perfect silence. Only then can one fully appreciate the beauty of expression, the writer's choice of words.

Only then can one get something out of literature other than the plot.

Or there is the uplift that comes from poetry read aloud. One doesn't care for an audience on such occasions.

**AN ELDERLY** Stamford woman, at a picnic the other day at Hamlin City Park, was having trouble with her corset. She thought if she could pad it she wouldn't have to leave, so finding a comic book, she went behind a bush and stuffed the corset.

Coming out, she patted her stomach and said to herself, "There, let's see Dick Tracy get out of that situation!"

**NEW INTERNATIONAL BRIDGE**—This is a view of the new Rio Grande River bridge at Laredo-Nuevo Laredo, looking toward the Texas side of the river. The U. S. border station, housing customs, immigration and public health service inspection offices, is at right of the bridge's end. ## Wheat Soil Reserve Payment To Be First Come First Served

### Deadline for Signing Acreage Set for October 5

Deadline for signing agreements to reduce wheat under provisions of the 1957 acreage reserve portion of the soil bank has been set as October 5. W. H. Cook, chairman of the Jones County Agricultural Stabilization Committee, reported this week.

Under this program, says Cook, farmers are offered a per acre payment equal to \$1.20 times the normal yield established for their farms for reducing their planted acreage of wheat below the 1957 farm allotment.

Jones County has been allocated \$157,300 for the wheat acreage reserve of the soil bank program. Applications for participation in the reserve program will be accepted at the ASC office in Anson on a first come first served basis until the closing date mentioned or until funds are exhausted, whichever occurs first, Cook declares in a release to The Herald.

### Leaders Elected by Junior High Pep Unit

Junior High School Pep Squad elected leaders and twirlers last Thursday. Mrs. Nash Miers is sponsor of the group, and Lola Milstead will serve as assistant.

Officers named are: Janice Richardson, drum majorette; Janene Hudspeth, Beth Christian, Janice Wilgus and Mary Smith, twirlers; Neil Waldon, head cheer leader; Neida Lee, Nina Jean, Carolyn Sue Ray and Glenda Lorenz, cheer leaders.

### Books in New Harden Library Offer Variety of Reading for Area People

So far 15 families have taken out membership cards in the Harden Memorial Library, report the librarians. There are now 394 books ready to be checked out.

Chances are you may find a book about your special in the library, they declare.

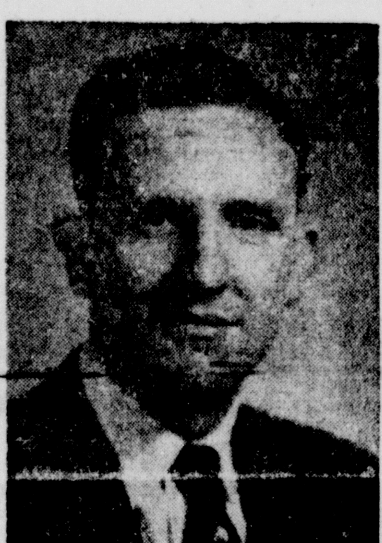

There are now eight shelves of fiction, including such recent best sellers as "The View from Pompey's Head" and "The Man in the Gray Flannel Suit."

If you would rather read about real people, there is one shelf of biography ranging from Joan of Arc to W. C. Fields.

### Noble Canida Visits Before Going Across

Noble Canida, former music teacher at DePriest Colored School in Hamlin, who is serving with the armed forces, visited in Hamlin last week.

Canida recently graduated from Army radio school. He was en route to New Jersey, and from there he was sent to France.

**NEW PASTOR** of the First Baptist Church is Rev. Calvin Bailey (above), who notified the congregation Sunday morning he would accept their call to the pulpit. The Baileys will move to Hamlin October 4 and he will occupy the pulpit as pastor on October 7.

### Deadline for Herald Still Tuesday Noon

Some confusion still persists over the deadline for copy and advertising for The Herald since it moved its publication day up to Wednesday several months ago in an effort to give readers an earlier paper for week-end values advertised by merchants.

The Herald is printed Wednesday mornings, and deadline for copy is Tuesday noon. In setting this deadline we insist that earlier copy will be appreciated and will be given better position and is less apt to have errors. Copy is acceptable any day of the week, of course—the earlier the better.

### First Methodists Set Anniversary Rites October 14

Members of the Hamlin First Methodist Church are making arrangements to celebrate the fiftieth anniversary of the church to Sunday, October 14. It was announced this week by Rev. Daris L. Egger, the church pastor.

The anniversary will be in connection with the second annual homecoming of ex-students of the Hamlin High School, which will be staged the preceding Friday and Saturday.

Arrangements committees have been announced for the celebration by the pastor as follows:

Program—Wesley Nail, Mrs. Brad Rowland, Mrs. John D. Ferguson.  
Historical—Mrs. E. M. Wilson, Lulan Vaughan, Mrs. A. A. Hackley, A. Hudson, Lula Fletcher and Elmer Feagan.  
Food—Joe Culbertson, Mrs. Ed Bailey, Mrs. A. B. Carlton.  
Felicity—Mrs. L. H. McBride, John C. Bryant, Mrs. Holly Toler and Mrs. B. H. Gardner.  
Housing—Carl Murrell, Mrs. W. B. Cotten and Mrs. Alford Harden.

### SHARERS ARE HOME.

Mr. and Mrs. Herman E. Sharer are home from an extended vacation that took them to New Mexico, Arizona and Nevada, and then to Fort Worth and Abilene.

## Lions Club Plans Concerted Broom Sales Campaign

Hamlin Lions Club members expect to make a clean sweep of things in their second annual broom sale next Tuesday—and add to the projects treasury of the civic group while helping dispose of household products made by indigent blind and cripples.

So declares President Edgar Duncan of the Lions as he this week announced teams for the sales drive next Tuesday. Stanley Carmichael is general of the first three teams, and Ted Russell is general of the other three.

Using the intersection of Lake Drive and Central Avenue as a dividing point, the city has been divided into sections for a concerted house-to-house drive. The teams are as follows:

Southeast Hamlin—Andy Anderson, captain; George Batchelor, L. N. Minton and Stanley Sheppard.

Southwest Hamlin, West Portion—Jim Howard King, captain; Harrell Blackburn, George Campbell and Ronnie Brown.

Northwest Hamlin, East Portion—B. O. Bell, captain; George Campbell, E. A. Hewett and Truman Nix.

Southwest Hamlin, East Portion—B. V. Newberry, captain; Bobby Crowley, Claude Lancaster and Joe League.

Northwest Hamlin, West Portion—Fred Smith, captain; Edgar Duncan, Hollis Madden and E. O. Sipe.

Northeast Hamlin—Dr. William Pattillo, captain; Miller Harmon, Harry Martin and Donley Williams.

Business District—Arlie Cassle, captain; W. S. Seals, Austin Siburt, Haskell Carter, Dr. Joe W. McCrary and Willard Jones.

Truck Detail—Rev. Daris Egger, captain; Frank Bayouth, Joe Culbertson, W. T. Johnson, L. H. McBride, Clarence Bailey and A. Spencer.

## Hub Hopper Home From Overseas Duty

Private First Class Herbert L. (Hub) Hopper arrived home recently after two years of service in the Army. He has been with a unit in France since April, 1955. He received his discharge at Camp Chaffey, Arkansas. He is the son of Mr. and Mrs. Eddie B. Hopper.

The Hoppers have another son who is serving with the Army in Germany, Sergeant Avery Gene Hopper.

**ACKNOWLEDGES OVATION**—Senator Price Daniel, Democratic nominee for governor, and his wife acknowledge the applause from delegates at the Democratic state convention at Fort Worth.

## Ranger Minister Takes Pastorate

Acceptance of the call to the pastorate of the First Baptist Church in Hamlin was given by Rev. Calvin Bailey Sunday morning when he notified by telephone the chairman of the pulpit committee. Official announcement was made at the morning worship service of the church.

The church, which has been without a pastor since June 24, when Rev. Houston Walker resigned to accept a pastorate in Lubbock, had extended the young minister the call a week earlier.

Bailey and his family will move to Hamlin on October 4, and he will occupy the pulpit as pastor on October 7. The Baileys have two children, a girl, Sylvia, five years old, and a son, Danny, 18 months old.

Both Rev. and Mrs. Bailey are natives of Virginia. After their high school careers, they graduated from Carson-Newman College of Tennessee. He later was graduated from the Southwestern Baptist Theological Seminary at Fort Worth.

Rev. Bailey is completing his second year as pastor of the First Baptist Church at Ranger, where good growth has been experienced by the church, according to M. H. Castleberry, chairman of the pulpit committee of the local congregation.

## J. M. Metcalfe Is New Gospel Mission Pastor

Rev. J. M. Metcalfe is the new pastor of the Full Gospel Mission in Hamlin, located just north of the Katy Railway in North Hamlin. He and Mrs. Metcalfe moved here this week from Comanche, where he has been preaching. He previously was at Brownwood.

Rev. Metcalfe announces that regular services will be held at the church as follows: Sunday School at 10:00 a. m. and preaching services at 11:00 a. m. and 7:30 p. m. Sundays, with prayer services at 7:30 Wednesday evening. The public is invited to the services.

## Funeral Policies Not Assumed by Concern

Insurance policies of the Hamlin Burial Association, operated in connection with the Hamlin Funeral Home, had not been assumed by the Consolidated Life Insurance Company of Aspermont, whose license recently was revoked by the Texas Insurance Commission, as was stated in an article in last week's Herald, Bill Foster, owner of the Hamlin concern, advises the paper.

The Herald had been misinformed in this connection, and rescinds the statement with its apologies.

Foster says that his company's operation has been regularly checked by the insurance commission and has been declared stable and meeting all insurance requirements.

Hattie Caraway was the first woman elected to the United States Senate.

## Swastika Strata Probed as Casing Now Being Run

Oil production just one-half mile north of the Hamlin city limits in a well being completed this week brings the black gold closest to town. That development and another completion four miles northwest of Hamlin hold the spotlight of oil activity in the Hamlin region this week.

Operator for the Sunray Mid-Continent Oil Company's No. 1 Harriett Hill test just north of the Midwest Cooperative Oil Mill was running casing for completion in the Swastika Sand at the wildcat. It is in Section 175, Block 1, B. B. & C. Railway Company Survey. Total depth is 6,310 feet in time. The test flowed oil in 14 minutes during a drill-stem test from 3,571-77 feet in the Swastika three weeks ago before being drilled deeper.

Kewanee Oil Company No. 1 Taylor test, four miles northwest of Hamlin, has been completed in the Judy Gail (Canyon) Field. No. 1 Taylor had a calculated daily potential of 408.08 barrels of 40.8-gravity oil. Flow was through a quarter-inch choke with 80 to zero pounds casing and 430 pounds tubing pressure. It is producing from 88 perforations at 4,390 to 4,412 feet, with the casing set at 4,499 feet. Total depth was 4,500 feet, plugged back to 4,466 feet. Site is in Section 203, Block 1, B. B. & C. Survey.

## Future Farmers of America Chapter Names New Officers

Members of the Hamlin chapter of Future Farmers of America held their first regular meeting for the new school year Tuesday at the agriculture building. Principal business of the meeting was to elect officers.

The following new officers were named: Steve Reynolds, president; Dave Weaver, vice president; Mac Reid, secretary; Ronny Parker, reporter; Clifford Green, sentinel; T. C. Blankinsip and Harold Eades, advisors.

An important highlight of the session was the election of the chapter sweetheart. Four popular girls were nominated for the honor. The sweetheart will be announced in a special assembly later in the year.

Regular dues were set at \$1.50 and they must be paid by September 25. The chapter also set the regular meeting night as the first Monday night in each month at 7:00 o'clock.

## Who's New This Week

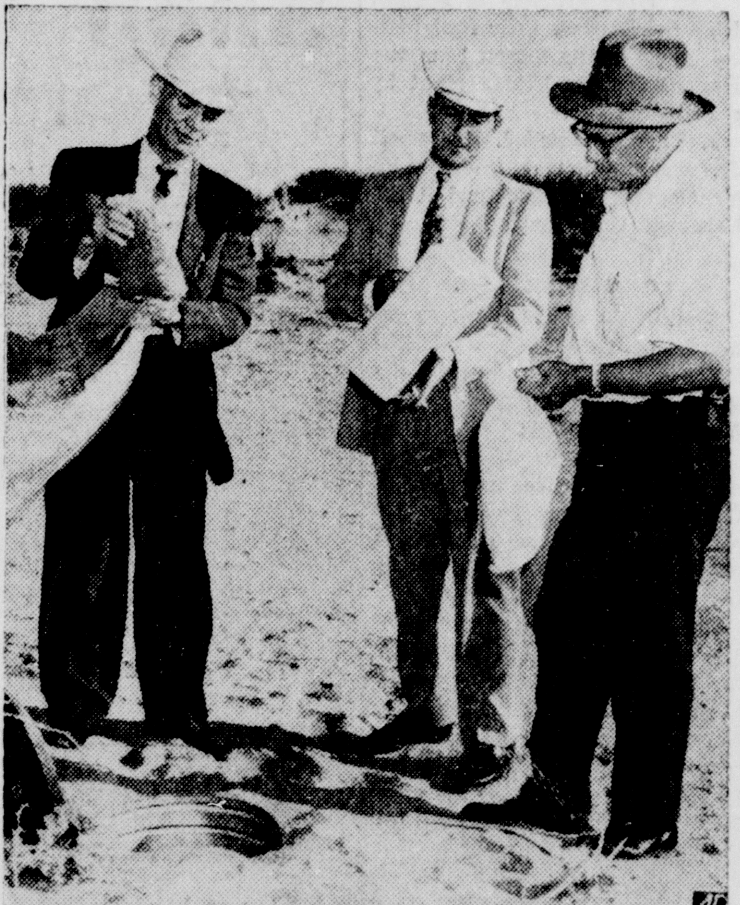

Five new citizens were recorded in the Hamlin Memorial Hospital since last week's report in The Herald. Three boys and two girls, they are:

A boy for Mr. and Mrs. Louis Johnson was born September 12 at 9:30 a. m. Weighing eight pounds four ounces, he has been named Jeffrey Scott.

A boy arrived for Mr. and Mrs. George Goforth of Gainesville on September 13 at 5:40 p. m. After tipping the scales at seven pounds 11 ounces, he accepted the name John Mark.

A girl came to live with Mr. and Mrs. James P. Hart of Hamlin September 16 at 1:38 a. m. She will answer to Marilyn Evelyn. She weighed eight pounds eight ounces.

A girl for Mr. and Mrs. Z. M. Adams of Hamlin was born September 15 at 8:05 p. m. After having her weight checked at seven pounds one ounce, she accepted the name Vickie Laverne.

**NARCOTIC HAUL**—Sheriff W. O. Hicks of El Paso and Deputies Bob Allen and Rubio Villareal examine a box and two bags of marijuana exhumed from the desert 10 miles from El Paso. Estimated to be worth from \$10,000 to \$25,000 at underworld retail prices, the narcotics were described as the highest quality possible. A father and son stumbled over the cache while on a hunting trip.

☆ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

### TWENTY YEARS AGO.

News notes of interest in the Hamlin community 20 years ago included the following, reprinted from the issue of The Hamlin Herald dated September 18, 1936:

Richard Lehman and N. E. Money met sudden death early Tuesday morning while on their way to Dallas. They were accompanied by Doris Steed, 17, and her brother, James Steed, 15, but the children only suffered minor injuries. The car in which the group was riding ran into a bridge abutment.

Haskell baseball team won the right to meet the Hamlin crew in off.

The Wichita Valley League play-Louise Abbott left Saturday to accept a position with Dickey's ready-to-wear store at Vernon.

E. R. Day and June Day announce their appointment as Hamlin dealers for Chrysler and Plymouth automobiles. They are located in the W. L. Boyd building.

Ivey Dean of Anson, a brother of Mrs. I. R. Witt, has accepted a position with the Waggoner drug store.

Eight hundred and one students have been enrolled in the schools at Hamlin, according to C. G. Green, superintendent.

### TEN YEARS AGO.

Among goings-on in the Hamlin community 10 years ago were the following, as recorded in the issue of The Hamlin Herald dated September 20, 1946:

C. E. Phelps of the Phelps Ice Company was in Hamlin this week making plans to expand his concern's meat processing plant. Also new lockers are being added to the storage plant to give it a total of 650 lockers.

New \$125,000 Elementary School building in Northwest Hamlin is taking shape under direction of the builder, T. E. Shelburne & Son.

A big expansion program is underway at the Hamlin plant of the Celotex Corporation. Production Manager J. O. Lewis says new equipment is being added to the crusher plant at Longworth.

Hopes of harvesting a 25,000-bale cotton crop this year in Jones County are being expressed following good rains that have fallen in the territory in recent days.

Joan Culbertson, daughter of Mr. and Mrs. J. C. Culbertson of Hamlin and Z. Edgar Boaz, son of Mr. and Mrs. Edgar Boaz of Anson, repeated marriage vows Saturday evening at the First Methodist Church. The newlyweds will be at home in Anson after a honeymoon trip to New Mexico and Colorado.

### FIVE YEARS AGO.

Among happenings of the Hamlin community five years ago were the following, reproduced in brief from the issue of The Hamlin Herald dated September 21, 1951:

Becky Bowman, daughter of Mr. and Mrs. Gilbert Bowman of Hamlin, became the bride of Willis (Doe) Huchingson of Rotan Saturday evening.

Mrs. Ed Britton and sisters, Ava and Valeria Hudson, spent last week vacationing at Ruidoso, New Mexico.

Safeway features Edwards coffee this week at 79 cents per pound.

Pied Piper gridders of Hamlin High School took their first football game of the season from the Haskell Indians Friday night by a 19 to 2 score.

J. E. McCoy and J. B. Terrell Jr. won the Scotch golf tournament staged last week-end at the Lakeview Golf Club.

### ONE YEAR AGO.

News items in the Hamlin community of one year ago included the following, condensed from the issue of The Hamlin Herald dated September 16, 1955:

L. H. (Herman) McBride was named as a member of the City Council in voting Tuesday. No opposition was shown as McBride polled all 32 of the votes cast in the balloting.

Rev. W. A. Thomas, student at Hardin-Simmons University in Abilene, has accepted the pastorate of Sunset Baptist Church in Hamlin.

A check for \$2,200 from the National Foundation of Infantile Paralysis has been received by the Jones County chapter to abet county funds in the handling of polio cases, according to Gene Prewitt, chapter chairman.

### RED CROSS AS ATTORNEY.

Last year, 20,500 veterans and dependents of veterans gave the American Red Cross power of attorney to represent them before the Veterans Administration.

## Wheat Soil Reserve Payments Will Be Made in Certificates for Cash or Grain

Compensation to farmers for reducing their 1957 crop winter wheat acreage below their wheat allotment, designating such acreage for inclusion in the soil bank's acreage reserve program, will be in the form of negotiable certificates, R. G. Schauner, chairman of the state Agricultural Stabilization and Conservation committee, has announced in a release to The Herald.

The certificates are redeemable in cash through banking channels, or they may be redeemed in grain by the producer to whom they are issued. The certificates will be issued after the county ASC committee can determine that the acreage reduction requirements have been met.

Schauner explained that the amount of compensation for wheat on the farm will be determined by multiplying the base unit rate per bushel for the county (which is \$1.20 in Jones County) by the smaller of (1) the normal yield for the farm or (2) the normal yield for the land designated in the agreement as the acreage re-

serve; this figure will then be multiplied by the number of acres determined as the acreage for compensation. The base unit rate per bushel varies by counties.

Except that the wheat acreage placed in the acreage reserve for a farm may not exceed the wheat allotment, the maximum wheat acreage which may be "reserved" is generally 50 per cent of the allotment or 50 acres, whichever is larger. The minimum wheat acreage which may be placed in the acreage reserve is three acres or the allotment, whichever is smaller.

Land in the acreage reserve must not be cropped or grazed during the period of the soil bank agreement. If any winter wheat is grown on the farm this fall, acreage reserve agreements for the 1957 wheat crop must be signed by September 21.

## SMALL FARMERS ARE CAUGHT IN MID-STREAM

The president's message on agriculture of two years ago noted that the production of 3,500,000 of the nation's 5,500,000 farms is so small (they account for but 15 per cent of the whole) that these farmers individually derive little benefit from crop supports. And the secretary of agriculture, in cooperation with the National Agricultural Advisory Commission, was directed to give "special attention to the problems peculiar to small farmers."

The Department of Agriculture now announces it has begun its "Rural Development Program" in 55 counties showing especially low farm incomes. (Congress provided no money for this project for last year). The program, a cooperative one with states and counties, includes technical assistance, emergency loans, and a line of credit for farmers who present sound plans.

Political pronouncements aside, all farm aid measures eventually must take account of the fact that American agriculture is mid-stream in the transition from a handicraft to a mech-

anized industry. The new kind of farming calls for less manpower than the old.

Viewed cold-bloodedly in this light, what the Department of Agriculture is undertaking could be seen as interfering with an inevitable readjustment where the readjustment is longest overdue—encouraging "marginal" farmers to hold on to "jobs" much less promising than those in factories.

But farming is not only a way of making a living. It is also a way of life. Some people prefer a Spartan existence near to nature on land they can call their own to more comforts in the city. Should these people be forced to leave if they wish to stay? Marginal farmers, particularly the older ones, are often the ones least fitted to learn new skills.

Any farm aid program in the long run, can do little more than minimize the hardships of the great transition. One should hardly question directing a relatively inexpensive project toward aiding those whose personal needs are the greatest to help themselves.

## It's Time to Face Facts

We shouldn't have to keep reminding adults of their responsibility for keeping children safe in traffic—but we do.

The need is obvious when the National Safety Council reports more than 2,000 children killed and 140,000 injured each year in motor vehicle accidents.

Admittedly, the heedless actions of many child traffic victims thrust them into dangerous situations. But even in such cases, adults must accept the blame.

By their very nature, children are excitable, heedless and unthinking. We, as adults, know this. Yet, somehow, we expect every child to realize instantly that an automobile is a deadly monster if he strays into its path. We expect the child to know more about stopping distances and speed than most drivers know themselves.

If you think that's stretching a point, think back how many times the excuse is used, "I couldn't stop in time" or "I didn't see him soon enough."

Any driver who has run down a child knows the "ifs" that are on his conscience. "If I had been going a little slower!" "If I had been more wide awake." "If..."

It's time for all adults to face up to their full responsibility for our shamefully high child pedestrian toll. It's time for all adults to adjust their driving, increase their alertness when driving in any area where children may be walking or playing. It's time for all drivers to keep a sharp look-out for children and to be ready to protect them from their heedless behavior when necessary.

It's time for every parent to try harder than ever before to prepare his child for the dangers of traffic... by his own teaching and his own example.

Half-way measures are not enough; and we still haven't done enough.

We as adults must accept fully and without reservation the fact that we must "be our brother's keeper" when it comes to children in traffic.

The Texas Safety Association says that's not just a high-minded goal to strive for. It is an absolute minimum requirement for every adult who wants to be able to live with himself!

## Cheerfulness Is Vital

Cheerfulness has a dual value in life. First, it helps you; then it helps to help others—and it keeps on spreading out into the great throng of humanity, stirring the hearts of men as the gentle breeze stirs the leaves of the forest, returning to you its endless course.

And all the while it makes the heavy load lighter and the dark road brighter for all.

Some people have private telephones. Others have "see-age" children.

## Pill... or Steak?

Now and then—particularly on blistering and humid days when nothing seems able to arouse the taste buds—people idly wonder why science doesn't come up with a little pill containing all the dietary requirements of a full meal. One swallow, and we'd have had breakfast, lunch or dinner in an instant.

In this era of startling scientific developments it is possible that such a pill could be produced. But it's an odds-on bet that it would have a small sale—and its use would be generally restricted to explorers and others faced with serious logistics problems.

For instance, this marvelous little pill might contain all the proteins, vitamins and minerals found in a well-broiled steak or a roast oozing with juices. All the dietary values thus being equal, which would you choose—the pill or the real piece of meat?

The answers, if some "pollster" should look into this, would probably run about a million to one in favor of the meat. For there is more to eating than just satisfying the requirements imposed on us by nature. There is the fun of it, the satisfaction, the sensory pleasure—and the happy after-glow when the meal is done. They can't put those things into pills!

### PROBLEMS AT SCHOOL

School problems? There are many swirling about the youngsters trooping back to classes for the new term.

There aren't enough teachers. Building facilities are still inadequate in many areas. The extent to which the federal government should supply financial assistance is undecided. Not enough youngsters are interested in mathematics and in careers as scientists and engineers.

Withal these and other problems, however, America's educational system is one of its greatest prides and most valuable assets. And steady progress is being made in meeting the most serious needs and challenges.

Many states are doing far better by their teachers in matters of salary. There is a long way to go, but who can tell—the teaching profession may become so attractive it will compete with industry for manpower, rather than the reverse. Meanwhile, many local districts—with state assistance—have undertaken new building and expansion programs.

As for developing more engineering talent, industry has been setting up attractive college scholarships. If high school youngsters can only be made to see their opportunities, the dearth of scientists and engineers will be overcome.—Grit Magazine.

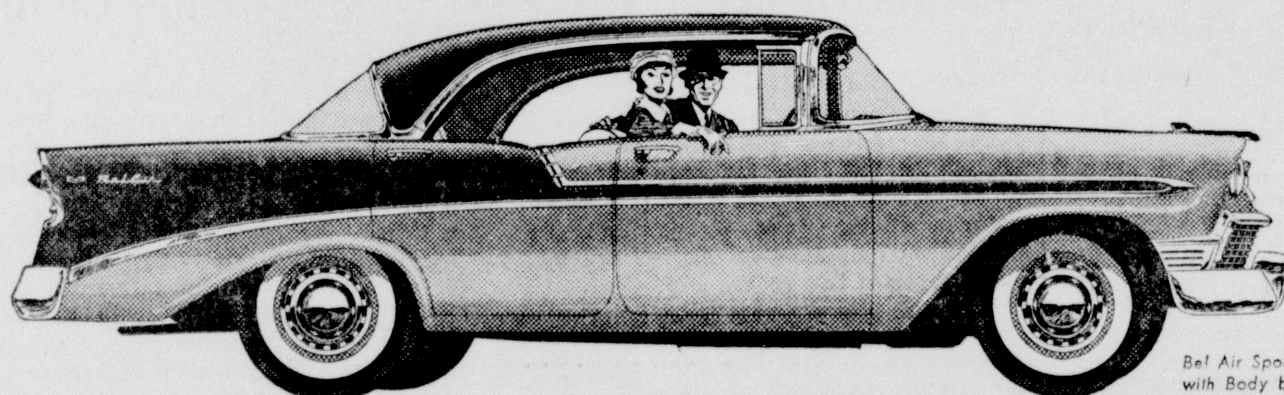

There are few folks these days who take pride in their ability to do without the things they cannot afford.

## Wike Absolved of Most of Car Debt By Abilene Court

J. N. Wike of Hamlin was exonerated of most of the claim of a finance for a car by a jury in 42nd District Court at Abilene when the jury wiped out by its verdict \$1,353 of \$1,521 which an Abilene finance company claimed Wike owed.

Still undecided in the case was whether Wike could collect double \$892 which he said the finance company charged as interest and constituted usury. Judge J. R. Black of the court will decide this point when he renders judgment.

Wike purchased a new Lincoln in 1953 and gave a note for \$4,743.36 which was acquired by the Universal CIT Credit Corporation. After making 16 payments, the car was repossessed because, the loan company claimed, Wike was delinquent.

Still due was \$1,521 after the car was sold for \$2,047. This was the amount sought by the insurance company, plus 15 per cent attorney's fees.

Wike claims that the company charged him more than the legal 10 per cent maximum interest rate on the loan.

The jury decided in its verdict that the car was worth \$2,400 when it was sold in 1955, rather than the \$2,047, which made Wike still owe \$168 instead of \$1,521.

Davis Scarborough was attorney for Wike.

## Boys and Girls Have Obligation to Practice Safety Too in Traffic Drive

"Boys and girls, you're playing with death when you play in the street!"

That warning was given this week by E. C. McFadden of Dallas, president of the Texas Safety Association, as he asked them to do their part in the child safety program the Texas Safety Association, the Department of Public Safety and the National Safety Council are conducting this month.

"During this program we're doing everything we can to get drivers to watch out for you boys and girls in traffic," he said. "We are also urging your parents to teach you safe traffic practices. But none of these efforts will keep you safe if you don't get on the ball yourselves."

"Young people must learn that automobiles move fast and that anyone who happens to get in a car's path is likely to get hurt," he said.

"Boys and girls often think that, because they can see a car coming, the driver of the car can also see them," McFadden said. "Sometimes the driver doesn't see them or if he does he may not be able to stop his car in time to avoid hitting them. So smart boys and girls take no chances."

"Playing in the street, running out into the street after a ball or other toy, crossing in mid-block or at intersections against the light are all things that place children in danger," he said. He advised boys and girls to strictly observe the following rules if they want to stay safe in traffic.

1. Obey all traffic officers, school patrol leaders and traffic signs and signals.

### All Stall Space Taken By Stock at State Fair

Well balanced show herds of the finest quality, assuring strong competition in all breeds, will fill all available stall space for the livestock shows of the 1956 State Fair of Texas, October 6 to 21. Livestock Manager Ray W. Wilson has announced from Dallas.

The top show strings of breeding livestock from the Southwest, Midwest and the Deep South will be on hand. Entries have been received from Florida, Louisiana, New Mexico, Oklahoma, Colorado, Arkansas, Wisconsin, Tennessee, Missouri, Mississippi, Iowa and Kansas, as well as Texas.

## Amanda Pike Gets Scholarship at Tech From T-P Coal & Oil

Amanda Freeman Pike, daughter of Mr. and Mrs. O. C. Freeman of Hamlin, is a sophomore enrollee at Texas Technological College at Lubbock this fall. She is the recipient of the Texas Pacific Coal & Oil Company's educational scholarship. This scholarship is issued to students of T-P employees. Only two are issued each year and are based on scholarship. Amanda's average last year at Tech was 90.7.

Thomas Pike, Amanda's husband, will also enroll at Texas Tech as a junior electrical engineering student. He is employed by Curry Motor Transport Company at Lubbock while attending school.

James N. Freeman, brother of Amanda, will enroll for a night

# SHOP Bailey's Department Store -- SOLID VALUES --

## Why do we stock and sell only Standard Branded Merchandise?

Because, after many years' experience in buying and selling merchandise, we are convinced that high quality merchandise will give you complete satisfaction, and by buying advertised standard brands you always get what you pay for.

In these times, more important than ever, money needs to last longer, go further—and the placement of this money should be in SOLID VALUES. You know this . . . and so do we!

Now, our margin of profits are by necessity held lower than they should be in order to meet promotionally made merchandise prices, and to keep volume up to pay expenses.

We have for years and will continue to sell only that merchandise that we know will stand the test, or we will make it good.

Each season we clear our stocks by sales on seasonable merchandise in order to have the newest trends the next season. We buy cautiously in the best lines we know—with you, the buying public, in mind. The consideration of you, your needs and your investments are always foremost in our minds and merchandising.

## We have a very pleasant Lay-away Plan—an Installment Plan

. . . and we extend a special service in the way of 30-day charge accounts when they are warranted. Our attitude is: You are entitled to the best . . . and now you can have the best for little more, and in many cases for less. We solicit your patronage on the merits of our merchandise, our considerations, our service and our sincere appreciation.

## Organizing Clothes Helps School Rush

Getting youngsters dressed for school is a hurry-up affair in many families. Time is important, says Mrs. Mary Y. Newberry, home demonstration agent, but so is training the child to become independent, responsible and neat in dressing himself and caring for his clothes.

Here are some tips that will help:

1. Help children arrange their school clothes separately from party, church and miscellaneous clothes in their own closet.
2. Encourage them to arrange matching socks, ribbons and ties on hangers with dresses or shirts.
3. Encourage them to plan what they will wear each day the night before, to make sure everything is ready to go in the morning.

## Good Breakfast Helps Start Day Right for Students and Others

September, and the opening of school, means a "fresh start" for most family members in one way or another. It's also the time when eating habits are reestablished for school and work days ahead. Mary Y. Newberry, home demonstration agent, says it's a fine time to establish good breakfast habits for every member of the family.

Eating a good breakfast pays off in efficiency, alertness and better health. There is lots of proof for that statement. Research has shown that breakfast skippers rob themselves of potential alertness and efficiency during late morning hours, and that dieters are wrong if they think missing breakfast is a practical way to lose weight.

There is much room for improvement. Only one out of five children goes to school with a good breakfast. Sixty per cent of teen-age girls habitually eat a breakfast entirely inadequate to their physical needs. Only about 40 per cent of the women say that they have good breakfasts. These were some of the figures reported in one nation-wide survey.

Aim for an adequate breakfast. This means one that will provide one-fourth to one-third of the day's total food requirements in calories and nutrients. It should include these basic foods: Fruit or fruit juices, cereal or eggs and meat or both, whole and enriched bread, butter or margarine, milk and coffee.

Be a breakfast booster—start with yourself and other members to help improve breakfast eating habits of all age groups.

## Mrs. Erma Wallace Gets Cap for Nursing

Mrs. Erma Wallace of Hamlin is among the 15 vocational nurses who graduated September 1 and received caps after completing one year of training at the Stamford Vocational School of Nursing at the Stamford Sanitarium. Four of this group went to the state board in August. Mrs. Wallace will be one of nine who will go to Austin October 22 for state board examinations.

Another class was started September 1. Laverne Linn of Hamlin is a member of this new class.

## No One Detergent Is Good for All Washing

No one detergent is good for all home laundering, according to Mary Y. Newberry, county home demonstration agent. To help you choose the best detergents for your own laundering needs, a new bulletin has been issued entitled "Detergents for Home Laundering."

This new bulletin takes the guess-work out of buying detergents. It describes types of soap and synthetic detergents available at retail and gives research based information on their suitability for different kinds of fabrics and degrees of soil.

Ask your county home demonstration agent about this new information.

## H. J. (Jack) Barrett, Formerly of Hamlin, Succumbs at Lubbock

H. J. (Jack) Barrett, 42-year-old prominent Lubbock automotive parts dealer, and former Hamlin resident, died Friday morning at the Methodist Hospital in Lubbock.

Barrett had been a resident of Lubbock since 1932, moving there from Hamlin, where he had resided from 1926 to 1932. He was a 1931 graduate of Hamlin High School, and played on the baseball team while in high school.

He was a partner with his brother, Howard F. Barrett, in Barrett's Automotive, which has branches in Abilene, Lubbock, Plainview and Odessa.

Funeral services were conducted Monday afternoon at St. John's Methodist Church in Lubbock, with Rev. J. Edmund Kirby, pastor, officiating. Burial was in the City of Lubbock Cemetery.

Survivors include his wife, two daughters, one son, one brother, one sister, and his parents, Mr. and Mrs. Wylie Y. Barrett, of Lubbock.

## Indian Ceremony Features Meeting Of Scout Group

Hamlin Boy Scouts of Troop 43 had a "jam-up" good meeting Monday night under the leadership of Weldon Johnson, Scoutmaster; Bob Martin, junior assistant Scoutmaster; and John Richey, senior patrol leader.

Feature of the program, according to Harold Eades, neighborhood Scouting commissioner, was Indian ceremonials which were demonstrated by John Richey, who used Bob Martin's costume.

Following John's demonstration all the boys present were allowed to "do their stuff" in the center of the circle.

Preceding the Indian ceremonials John Richey helped a group of Webelos to organize into a Scout patrol. They call themselves the Rattlesnake patrol. Mark Smith is patrol leader, Andy French is assistant patrol leader, Larry Stephens is scribe, Van Newberry is quartermaster, and Lloyd Boren is assistant quartermaster. While John helped the Rattlesnakes to organize, Bob Martin was busy with the other boys playing games.

Where was Mr. Scoutmaster? Weldon sat on the sidelines watching the results of a well planned meeting unfold and give the boys what they want in Scouting.

During the Scoutmaster's minute Weldon Johnson inspired the boys to live up to the Scout motto, the Scout laws and the ten commandments.

B. V. Newberry treated the boys to a watermelon slicing following the meeting.

Members present were Mike Browning, Clyde Hodnett, Jerry Duncan, Bill Richey, John Ferguson, Jerry Smith, Ray Johnson, Jimmy Shivers, Bob Johnson, Jimmy Cooper, Larry Stephens, Mark Smith, Dan Newberry, Neal Branscum, Lloyd Boren, Santa Anna Contreras, Mike Martin, Gary Cooper, Milburn Crawford, Craig Hester, Van Newberry and Andy French.

## Merkel Badgers Come Friday For Pipers' First Home Game

One of Biggest First-Tilt Crowds Ever Expected

Fresh from a 46 to 6 defeat of the Abilene High School B crew last week-end, the Merkel Badgers sail into Hamlin-town Friday night for the first home football game of the season for the Pied Pipers.

But Coach Truman Nix informs the local customers and visitors that he has an aggregation of grid-sters ready and waiting for their perennial foes from down south. But it won't be a push-over, the local mentors are aware.

Although Merkel has been dropped from Class AA football to Class A, the Badgers always have fielded a strong bunch of football boys that have through the years given the Pied Pipers plenty of trouble.

One of the largest opening day crowds ever to see a grid battle on the Pied Piper field is expected to be out for Friday night's tussle as the Nixmen hope to make it three wins in a row against non-conference competition.

Game time is 8:00 o'clock, and the Pied Piper Band will make its first appearance under the direction of the new leader, Mac Fullerton, at the game.

### DISTRICT 4-AA STANDINGS

District 4-AA football teams again won three of their four week-end football games Friday night to keep their record looking fairly good. Stamford, Seymour and Hamlin won their games, while Anson dropped their melee.

Standings of the four district teams after Friday's games look like this:

| Team     | P. | W. | L. | Pct.  |
|----------|----|----|----|-------|
| Seymour  | 2  | 2  | 0  | 1.000 |
| Stamford | 2  | 2  | 0  | 1.000 |
| Hamlin   | 2  | 2  | 0  | 1.000 |
| Anson    | 2  | 0  | 2  | .000  |

#### Results Last Week

Stamford 53, Ballinger 6.  
Winters 20, Anson 12.  
Hamlin 18, Spur 12.  
Seymour 27, Munday 13.

#### Where They Play Friday

Spur at Anson.  
Merkel at Hamlin.  
Seymour at Burk Burnett.  
Stamford at Andrews.

### Grid Ticket Options Need to Be Picked Up

Holders of options on certain seats at the Hamlin High School football stadium were being urged this week to pick up the option later than today (Thursday).

## Pied Pipers Get Revenge in 18-12 Victory Over Spur

Coach Truman Nix's Hamlin Pied Pipers strengthened their position in area football circles by defeating a strong Spur Bulldog delegation on their home grounds at Spur last Friday night by an 18 to 12 tally. The local boys found revenge for their 19 to 13 loss last year to the Spur crew in a homecoming set-to.

The winning touchdown was pushed over in the fourth period by John Richey when he plunged from the one-yard spot to score. The Pipers had recovered a Spur fumble and staged a 22-yard drive to set up the score.

Eddie Hagins brought first blood in the first quarter by running 64 yards for the Spur touchdown. After an extra point failure by Spur, the Pipers came back a few minutes later to even things up when Doug Ford went over on a one-yard plunge. Hamlin's extra point likewise failed, and the first quarter ended 6 to 6.

The second quarter found the ancient rivals hitting it off pretty even, and the half ended with the 6 to 6 deadlock.

In the third period Don Adair's short line buck put the Pipers ahead. The boot for extra point again went wide.

Max Gabriel made an eight-yard run to tie the game again after a blocked punt in the third.

Each team made five first downs.

### Junior High Gridders Play Merkel Tuesday

Hamlin Junior High School gridders will play their second game of the season next Tuesday night when they engage the Merkel Junior High School team on the Merkel griddle. Game time will be 7:30 p. m.

Next home game on the menu for the locals will be with Anson at Hamlin on October 2.

QUARTERBACK TALK—Charley Waller, wearing baseball cap, University of Texas back-field coach, shows how to make a hand-off to Walter Fondren during a practice session at Austin. Looking on are two top contenders for the quarterback slot, Vince Matthews (left) and Joe Clements on the right.

## District 4AA Teams Again Victorious In Three of Four Games Last Week

After winning three of the first four games the first week of the 1956 grid season, the four football teams of District 4-AA repeated the performance last week-end in playing against non-conference foes.

State AA champion Stamford Bulldogs continued their winning ways by swamping the Ballinger Bearcats 53 to 6 on the Stamford grid, while the Seymour Panthers were clouting the Munday crew by a 27 to 13 score. Anson was defeated by the Winters Blizzards to the tune of 20 to 12, and Hamlin squeezed by the strong Spur Bulldog aggregation 18 to 12.

Stamford's 4-AA state champion crew swept to their nineteenth consecutive victory Friday night at Stamford, beating Ballinger 53 to 6. Mike McClellan, Stamford's all-stater, ran for four touchdowns, going 41, 30, 73 and 48 yards. Robert Harding counted two others, running 11 and 36 yards. Jerry Chandler passed to Billy Clifton for 15 yards and the Ballinger score. Stamford held a 23 to seven edge in first downs.

Winters' Blizzards blew up a touchdown storm the Anson Tigers could not combat Friday night and scored a come-from-behind 20 to 12 victory over the host

team at Anson. Anson took the lead twice, at 6 to 0 and 12 to 7 in the first half, on a 91-yard touchdown run with a pass by Jimmy Roberts and a 25-yard pass from Roberts to Gary Bailey. Fred Austin scored for Winters, and repeated the performance twice more in the second half to give the Blizzards a triumph.

A fumble recovery and 22-yard drive broke the second deadlock of the game Friday night and gave the Hamlin Pied Piper an 18 to 12 victory over Spur. The two

teams had battled even through three periods, with the score tied at 6 to 6 in the first period and 12 to 12 after three quarters.

But John Richey plunged a yard for the winning touchdown in the fourth. Eddie Hagins ran 64 yards to give Spur a first period lead, but Doug Ford knotted it for Hamlin with a one-yard push.

Don't Adair's short line buck put the Pied Pipers into a 12 to 6 command at intermission, but Max Gabriel's eight-yard run after a blocked punt tied it in the third. Each team had five first downs.

Seymour's strong Panther crew, with more returned lettermen this year than any other team in the district, flexed its muscles in a 27 to 13 victory over the Mun-

## Tennis Enthusiasts of Area Organize To Promote Inter-City Tournaments

About 25 tennis enthusiasts of the Hamlin community met Monday evening in the high school cafeteria to form the Hamlin Tennis Association and elect officers.

Goals of the HTA were set as follows: Overall development of tennis in the Hamlin and West Texas area; local development of the tennis youth; and recreational promotion of the tennis game.

Specific work for the club in attaining these goals included: Sponsoring of trips to tournaments; promotion of local tournaments; and holding of inter-

city matches against tennis associations of other towns.

Acting as temporary president of the HTA is Lawrence Shivers. Serving as vice president and youth coordinator is Doyle B. Smith. Stanley Carmichael and W. C. Russell will serve as co-chairmen of the finance committee. Max Murrell was elected secretary-treasurer of the club. Appointed as club reporter was Perry Davis.

Members of the HTA are planning to hold an invitational tournament as soon as the high school courts are completed. The tournament will bring into Hamlin several outstanding tennis players of the area and provide the city a chance to see the youngsters in action.

Next meeting of the group is tentatively scheduled for Monday, October 1.

### Fifth Graders Name Officers; Make Trip To Shrine Circus

Fifth grade students of the Hamlin Elementary School organized this week into clubs in their individual rooms.

Room 5b, under the supervision of Maggie Mae Seymour, elected the following officers: Cleon Warner, president; Phyllis Scarborough, vice president; Larry Butler, secretary; and Marlene Baize, treasurer.

Room 5c students of Odean Murphree elected Walter Wallace Cox as president; Barbara Lakey, vice president; and David Bingham, secretary. These students will hold office for six weeks.

Fourth and fifth grade children who were given permission by their parents to attend the Shrine Circus last Thursday enjoyed the special treat very much. Miss Murphree, the principal, reports. All of the fifth grade and almost all of the fourth grade students who went to Stamford were given free transportation by mothers who loaded their cars for the trip. Miss Murphree extends appreciation to those who helped and to those who provided the tickets.

### Mrs. Sarah Brown Dies at Home of Son Early Sunday

Funeral services for Mrs. Sarah Viola Brown, 83-year-old widow who lived with her son, Earl R. Brown, at Hamlin, were conducted Tuesday morning at 10:00 o'clock at Musgrove Methodist Church near Commerce. Rev. Franklin Gray, pastor, officiated.

Mrs. Brown died Sunday morning about 7:00 o'clock at the Earl Brown home after a lingering illness.

Born Sarah Viola Hair at Litchfield, Kentucky, on May 21, 1873, she was the daughter of Mr. and Mrs. C. W. Hair. She married W. L. Brown at Sulphur Springs on May 24, 1881. She had been a member of the Methodist Church for 72 years.

Burial was in the Commerce Cemetery Tuesday morning under the direction of Hamlin Funeral Home.

Survivors of the octogenarian include four brothers, Earl R. Brown of Hamlin, Melvin Brown of Lindale, Tom Brown of Winnboro and Louis Brown of Dallas; one daughter, Mrs. Sam Tindal of Littlefield; one brother, John V. Hair of Commerce; 15 grandchildren and six great-grandchildren.

### Milk Production of West Texas Area Up For Month of August

During August, Central West Texas handlers sold 11,312,552 pounds of Class I milk, including a number of producers from the Hamlin sector. Approximately 23 per cent of these sales were made in areas outside the Central West Texas marketing area. The August daily Class I sales by approved plants were 5.54 per cent above the July daily sales and 6.32 per cent over the daily sales during August, 1955.

Daily receipts of milk from producers decreased from 427,713 pounds in July to 419,852 pounds in August, or a decrease of 1.84 per cent. However, daily receipts during August this year were 16.4 per cent above the August, 1955, daily receipts. Producer receipts were 115.05 per cent of Class I sales during August compared to percentages of 123.71 for July, 1956, and 105.05 for August, 1955.

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during August will be \$3.72 per 100, according to an announcement by Byford W. Bain, market administrator.

What do you think of... when you see a Church?

Have you looked at a church lately?

To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe, perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!

Next time you see a church, take a good look... and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Merkel Badgers Come Friday For Pipers' First Home Game

### One of Biggest First-Tilt Crowds Ever Expected

Fresh from a 46 to 6 defeat of the Abilene High School B crew last week-end, the Merkel Badgers sail into Hamlin-town Friday night for the first home football game of the season for the Pied Pipers.

But Coach Truman Nix informs the local customers and visitors that he has an aggregation of grid-ters ready and waiting for their perennial foes from down south. But it won't be a push-over, the local mentors are aware.

Although Merkel has been dropped from Class AA football to Class A, the Badgers always have fielded a strong bunch of football boys that have through the years given the Pied Pipers plenty of trouble.

One of the largest opening day crowds ever to see a grid battle on the Pied Piper field is expected to be out for Friday night's tussle as the Nixmen hope to make it three wins in a row against non-conference competition.

Game time is 8:00 o'clock, and the Pied Piper Band will make its first appearance under the direction of the new leader, Mac Fullerton, at the game.

### DISTRICT 4-AA STANDINGS

District 4-AA football teams again won three of their four week-end football games Friday night to keep their record looking fairly good. Stamford, Seymour and Hamlin won their games, while Anson dropped their melee.

Standings of the four district teams after Friday's games look like this:

| Team     | P. | W. | L. | Pct.  |
|----------|----|----|----|-------|
| Seymour  | 2  | 2  | 0  | 1.000 |
| Stamford | 2  | 2  | 0  | 1.000 |
| Hamlin   | 2  | 2  | 0  | 1.000 |
| Anson    | 2  | 0  | 2  | .000  |

#### Results Last Week.

Stamford 53, Ballinger 6.  
Winters 20, Anson 12.  
Hamlin 18, Spur 12.  
Seymour 27, Munday 13.

#### Where They Play Friday.

Spur at Anson.  
Merkel at Hamlin.  
Seymour at Burkburnett.  
Stamford at Andrews.

### Grid Ticket Options Need to Be Picked Up

Holders of options on certain seats at the Hamlin High School football stadium were being urged this week to pick up the option later than today (Thursday).

### Pied Pipers Get Revenge in 18-12 Victory Over Spur

Coach Truman Nix's Hamlin Pied Pipers strengthened their position in area football circles by defeating a strong Spur Bulldog delegation on their home grounds at Spur last Friday night by an 18 to 12 tally. The local boys found revenge for their 19 to 13 loss last year to the Spur crew in a homecoming set-to.

The winning touchdown was pushed over in the fourth period by John Richey when he plunged from the one-yard spot to score. The Pipers had recovered a Spur fumble and staged a 22-yard drive to set up the score.

Eddie Hagins brought first blood in the first quarter by running 64 yards for the Spur touchdown. After an extra point failure by Spur, the Pipers came back a few minutes later to even things up when Doug Ford went over on a one-yard plunge. Hamlin's extra point likewise failed, and the first quarter ended 6 to 6.

The second quarter found the ancient rivals hitting it off pretty even, and the half ended with the 6 to 6 deadlock.

In the third period Don Adair's short line buck put the Pipers ahead. The boot for extra point again went wide.

Max Gabriel made an eight-yard run to tie the game again after a blocked punt in the third.

Each team made five first downs.

### Junior High Gridders Play Merkel Tuesday

Hamlin Junior High School gridders will play their second game of the season next Tuesday night when they engage the Merkel Junior High School team on the Merkel griddle. Game time will be 7:30 p. m.

Next home game on the menu for the locals will be with Anson at Hamlin on October 2.

QUARTERBACK TALK—Charley Waller, wearing baseball cap, University of Texas back-field coach, shows how to make a hand-off to Walter Fondren during a practice session at Austin. Looking on are two top contenders for the quarterback slot, Vince Matthews (left) and Joe Clements on the right.

### District 4AA Teams Again Victorious In Three of Four Games Last Week

After winning three of the first four games the first week of the 1956 grid season, the four football teams of District 4-AA repeated the performance last week-end in playing against non-conference foes.

State AA champion Stamford Bulldogs continued their winning ways by swamping the Ballinger Bearcats 53 to 6 on the Stamford grid, while the Seymour Panthers were clouting the Munday crew by a 27 to 13 score. Anson was defeated by the Winters Blizzards to the tune of 20 to 12, and Hamlin squeezed by the strong Spur Bulldog aggregation 18 to 12.

Stamford's 4-AA state champion crew swept to their nineteenth consecutive victory Friday night at Stamford, beating Ballinger 53 to 6. Mike McClellan, Stamford's all-stater, ran for four touchdowns, going 41, 30, 73 and 48 yards. Robert Harding counted two others, running 11 and 36 yards. Jerry Chandler passed to Billy Clifton for 15 yards and the Ballinger score. Stamford held a 23 to seven edge in first downs.

Winters' Blizzards blew up a touchdown storm the Anson Tigers could not combat Friday night and scored a come-from-behind 20 to 12 victory over the host

teams had battled even through three periods, with the score tied at 6 to 6 in the first period and 12 to 12 after three quarters.

But John Richey plunged a yard for the winning touchdown in the fourth. Eddie Hagins ran 64 yards to give Spur a first period lead, but Doug Ford knotted it for Hamlin with a one-yard push. Don't Adair's short line buck put the Pied Pipers into a 12 to 6 command at intermission, but Max Gabriel's eight-yard run after a blocked punt tied it in the third. Each team had five first downs.

Seymour's strong Panther crew, with more returned lettermen this year than any other team in the district, flexed its muscles in a 27 to 13 victory over the Mun-

### Tennis Enthusiasts of Area Organize To Promote Inter-City Tournaments

About 25 tennis enthusiasts of the Hamlin community met Monday evening in the high school cafeteria to form the Hamlin Tennis Association and elect officers.

Goals of the HTA were set as follows: Overall development of tennis in the Hamlin and West Texas area; local development of the tennis youth; and recreational promotion of the tennis game.

Specific work for the club in attaining these goals included: Sponsoring of trips to tournaments; promotion of local tournaments; and holding of inter-

city matches against tennis associations of other towns.

Acting as temporary president of the HTA is Lawrence Shivers. Serving as vice president and youth coordinator is Doyle B. Smith. Stanley Carmichael and W. C. Russell will serve as co-chairmen of the finance committee. Max Murrell was elected secretary-treasurer of the club. Appointed as club reporter was Perry Davis.

Members of the HTA are planning to hold an invitational tournament as soon as the high school courts are completed. The tournament will bring into Hamlin several outstanding tennis players of the area and provide the city a chance to see the youngsters in action.

Next meeting of the group is tentatively scheduled for Monday, October 1.

It's Bonanza time at Buick Dealers!

-And Smart Folks are buying Now

THERE NEVER was a better time to start enjoying a gorgeous new Buick.

Take today's low Buick prices. Frankly, who can tell if they'll ever be as low again?

Take trade-in allowances. Buick is more strongly than ever in America's top three best sellers, so we can afford to give you the benefit of any doubt.

Take the season. Isn't it time to trade your present car before its value goes down?

Above all, consider all you get in a '56 Buick. Advanced styling, power, ride. And wonderful new advanced Variable Pitch Dynaflo®—with a double helping of take-off and a sweet new kind of control.

So doesn't it all add up to a real bonanza of value? Drop in and we'll prove that it does. And hurry—the sooner, the smarter!

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

It's a great time to buy a Buick

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

### Bonanza Trade-in Allowance

—because your present car is at its peak value right now. And because — with Buick so solidly set as America's No. 3 Best Seller—our bigger sales volume permits us to make you an even better trade-in allowance.

### Bonanza Buy

Buick prices start right next to those of the smaller cars. But those Buick dollars buy you a whole of a lot more automobile—more room, more power thrill, more styling freshness, more ride stability, more solidity of structure—the Best Buick Yet.

### Bonanza Resale

A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflo®. It's the most advanced transmission yet developed—and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

P.S. We have some especially good buys right now on the high-powered CENTURY and the extra-spacious SUPER. Better see 'em real soon!

### Fifth Graders Name Officers; Make Trip To Shrine Circus

Fifth grade students of the Hamlin Elementary School organized this week into clubs in their individual rooms.

Room 5b, under the supervision of Maggie Mae Seymore, elected the following officers: Cleon Warner, president; Phyllis Scarborough, vice president; Larry Butler, secretary; and Marlene Baize, treasurer.

Room 5c students of Odean Murphree elected Walter Wallace Cox as president; Barbara Lakey, vice president; and David Bingham, secretary. These students will hold office for six weeks.

Fourth and fifth grade children who were given permission by their parents to attend the Shrine Circus last Thursday enjoyed the special treat very much. Miss Murphree, the principal, reports. All of the fifth grade and almost all of the fourth grade students who went to Stamford were given free transportation by mothers who loaded their cars for the trip. Miss Murphree extends appreciation to those who helped and to those who provided the tickets.

### Mrs. Sarah Brown Dies at Home of Son Early Sunday

Funeral services for Mrs. Sarah Viola Brown, 83-year-old widow who lived with son, Earl R. Brown, at Hamlin, were conducted Tuesday morning at 10:00 o'clock at Musgrove Methodist Church near Commerce. Rev. Franklin Gray, pastor, officiated.

Mrs. Brown died Sunday morning about 7:00 o'clock at the Earl Brown home after a lingering illness.

Born Sarah Viola Hair at Litchfield, Kentucky, on May 21, 1873, she was the daughter of Mr. and Mrs. C. W. Hair. She married W. L. Brown at Sulphur Springs on May 24, 1881. She had been a member of the Methodist Church for 72 years.

Burial was in the Commerce Cemetery Tuesday morning under the direction of Hamlin Funeral Home.

Survivors of the octogenarian include four brothers, Earl R. Brown of Hamlin, Melvin Brown of Lindale, Tom Brown of Winnsboro and Louis Brown of Dallas; one daughter, Mrs. Sam Tindal of Littlefield; one brother, John V. Hair of Commerce; 15 grandchildren and six great-grandchildren.

### Milk Production of West Texas Area Up For Month of August

During August, Central West West handlers sold 11,312,552 pounds of Class I milk, including a number of producers from the Hamlin sector. Approximately 23 per cent of these sales were made in areas outside the Central West Texas marketing area. The August daily Class I sales by approved plants were 5.54 per cent above the July daily sales and 6.32 per cent over the daily sales during August, 1955.

Daily receipts of milk from producers decreased from 427,713 pounds in July to 419,852 pounds in August, or a decrease of 1.84 per cent. However, daily receipts during August this year were 16.4 per cent above the August, 1955, daily receipts. Producer receipts were 115.05 per cent of Class I sales during August compared to percentages of 123.71 for July, 1956, and 105.05 for August, 1955.

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during August will be \$3.72 per 100, according to an announcement by Byford W. Bain, market administrator.

What do you think of... when you see a Church?

Have you looked at a church lately?

To almost everyone, the sight of a slender steeple raised to the sky evokes certain emotions—awe, perhaps, nostalgia, maybe—the sense that by not going to church lately, you've been missing something!

Next time you see a church, take a good look... and let yourself really feel what you see. If that makes you decide not only to look at the outside but also to go inside, that will be all to the good. For no matter how lovely a home you may live in, it can't compare with God's House. If you open the door, you'll find that, no matter how long you've been away, the welcome is warmer and more wonderful than you'll find anywhere else.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy, nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Little Cotton Crop Makes Control of Bollworm Easier

Hamlin area's sparse cotton this year presents a splendid opportunity for farmers of the region to control pink bollworms for subsequent crops, it is pointed out by entomologists.

The pink bollworm is the most destructive of all cotton pests once it gets established in a cotton growing section, the entomologists declare. They advise that the best way to stop them from building up to damaging numbers is to prevent carry-over to next year's crop.

The pink bollworm over-winters in the larval stage. Seed left on the farm, in bolls on the stalks, on the ground in the field, in pick sacks, in and around buildings, trailers, etc. provide an opportunity for them to carry-over and infest next year's crop.

The larvae that over-winter in the seed are known as long cycle larvae and emerge as moths in the early summer or when there is a break in the cycle. A combination of moisture and high tempera-

## Excessive Heat and Cold Kill Hundreds

Do you ever moan, "This heat is killing me?" Well, it can—and so can cold!

Excessive heat and cold killed 1,208 persons in the United States in 1954. Excessive heat was responsible for 978 of the deaths, excessive cold for 230.

Hunger, thirst and exposure killed 238 other persons, according to "Accident Facts," the National Safety Council's statistical yearbook, which is just off the press.

The 1954 figures are the latest available.

ture will usually cause a break in the cycle. Most authorities agree that once the cycle is broken, the larvae will pupate and emerge as a moth. The emerging moth only lives about two weeks. Unless there is fruiting cotton, okra or other host plants for them to lay their eggs on, the moths die without causing damage. The key to economical control is to carry out cultural practices that will kill the hibernating larvae or cause the moths to emerge at least two weeks before cotton fruits.

## Labor Board to Work with TEC in Handling Workers

Three Jones County citizens, Durwood McCoy of Hawley, Rev. Hugo Haterius of Avoca and Ed Sprowles of Anson, will serve as a county farm labor committee in cooperation with the Texas Employment Commission. The group met last Thursday with Donald W. Hawkins, manager of the TEC district office, to review the total seasonal employment needs developed by the TEC.

The committee was presented figures of the TEC that Jones County may be short 150 cotton pullers during the peak period of the cotton harvest.

The committee will function under public law 78, obtaining facts relevant to the supply of domestic farm workers existing in Jones County and the shortage of workers, if any, which must be met by importing Mexican nationals to harvest the cotton crop. Under public law 78 the TEC must supply this information to the secretary of labor who must limit the number of Mexican nationals to be used in this county by granting a "ceiling." The committee consults with the local office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

"Ceilings" granted by the secretary of labor limiting the importation of Mexican nationals into this area will be posted in post offices in Anson, Stamford, Hamlin, Hawley, Avoca and Lueders, in the county agent's office and in the county courthouse in Anson. David Osment of Tuxedo is handling laborers for the Stamford and Hamlin area. He may be contacted by farmers at the Hamlin Cooperative Gin.

## New Youth Worker At Methodist Church

New youth worker at the First Methodist Church in Hamlin is Rev. Weldon Crowley, ministerial student at McMurry College in Abilene.

Young Crowley is working at the local church each week-end, according to Rev. Darris L. Egger, the pastor. He is beginning his duties this week-end.

## WATCH STORED WHEAT.

It is just good business, points out W. S. Allen, extension agricultural engineer, to see that wheat in storage does not become contaminated. Rodents and insects offer the biggest threat to stored grain. Both can be controlled. A recent extension publication, L-257, Clean Wheat Program for 1956, is now available at the offices of county agents in the major wheat producing areas.

## Junior High School Band Names Officers

Band Director Mae Fullerton Monday announced the election of officers for the Hamlin Junior High School Band to serve during the present year.

Named in the election were: Ned Moore, president; Bob Johnson, vice president; Georgeanna Fitzgerald, secretary-treasurer; Jimmy Shivers, librarian; and Larry Upshaw, reporter.

## Freight Carloadings For Santa Fe Climb

Freight carloadings for the Santa Fe Railway System for the week ending September 1, 1955, were 25,343 compared with 22,837 for the same week in 1954, reflecting a decided gain over the year ago total. Cars received from connections totaled 13,035 compared with 12,739 for the same week in 1954.

Total cars moved were 38,378 compared with 35,576 for the same week in 1954. Santa Fe handled a total of 37,889 cars in the preceding week of this year.

## Traffic Record in District in August Cause for Praise

Jones County motorists were being complimented this week for their traffic record during August by area traffic control officers.

"A marked reduction in traffic deaths, traffic accident injuries and the number of traffic accidents is reflected in the summary of rural traffic accidents for the month of August when compared with August of 1954," said Captain G. L. Morahan, commanding officer of the Abilene Highway Patrol District.

Only two deaths were recorded in the 13-county district in August compared to nine that occurred in August, 1954. Deaths were recorded in Mitchell County and Taylor County.

There were 48 persons injured in August, 1955, as compared to 85 in August of 1954.

Labor Day closed the slow-down-and-live campaign for 1955, and during the three-month period 15 people died on the rural highways in the Abilene district, for a total of 44 deaths in 1955 in the Abilene Patrol District as compared to 48 deaths for the same period in 1954.

## Goals Featured at Methodist Conference

Emphasis and information on the goals and action of the church for the next four years were featured at the second quarterly conference for the Hamlin First Methodist Church Sunday evening at the church, according to the pastor, Rev. Darris L. Egger.

Rev. Marshall Rhew of Stamford, district superintendent, delivered the sermon Sunday evening at the worship service and conducted conference following the service.

Harmony, that was it! That was what came out of the silence—a gentle rhythm, the strain of a perfect chord, the music of the spheres, perhaps. — Richard E. Byrd.

Cuba is the largest island in the West Indies.

Capt. Morahan cautioned, "The four months ahead are 'accident-prone' months; shorter days, football season, schools in session, and more activity in general, traffic-wise, therefore greater chances of more accidents. Let us continue any effort we have been putting forth to curb traffic deaths, as statistics indicate the largest death toll in the history of Texas in 1956."

Ford tandem axle BIG JOBS are rated to carry more payload than comparable tandems of any of the leading manufacturers. T-800 model has max. GVW of 45,000 lb.—GCW is 65,000 lb.

Ford's F-100 Custom panel is one of the top load carriers in its class. It provides 155.8 cu. ft. of cargo space in a smooth, fully lined interior and hauls up to 1,535 lb. of payload.

The hardest-working, biggest-saving "two-tonner" of them all is the Ford F-600. Only Ford offers a Short Stroke Six and three Short Stroke V-8's in this field. Max. GVW is 19,500 lb.

FOR BIG JOBS... SMALL JOBS... ALL JOBS

# Ford Trucks cost less

And low first cost is only your first saving

Ford's F-100 pickup with 8-ft. box is the biggest in the half-ton field—up to 19 cu. ft. more loadspace than the others. Regular 6½-ft. box with a full 45 cu. ft. capacity also available.

COME IN TODAY!

Before you buy your next truck, look at both sides of Ford's story of value. Check what you get and what it costs. You'll like what you see.

Look at the costs. Ford's first cost is low. Resale value is high. Modern Short Stroke engines—V-8 or Six—are designed for less friction, less wear, lower running costs. Maintenance costs are lower, too, because Ford trucks are built stronger for rugged long life. And a 10-million truck study proves Ford trucks last longer.

Look at what you get and you'll see you get more in a Ford. For example, more horsepower per dollar—proved by a comparison of factory-suggested list prices and net horsepower of all truck lines. You get more comfort with a Driverized Cab, and more safety with Ford's exclusive Lifeguard features.

Look carefully... consider everything. You'll agree Ford trucks cost less, give you more. If you want a great deal—a great deal more for your money—see your Ford Dealer.
